

FIS Rule Precisions specific to the FIS Snowboard, Freestyle and Freeski WSC 2027 in Montafon (AUT)

1. Number of Participants

Snowboard events:

Maximum 36 participants with a maximum of 20 competitors of either gender plus the competitors according to art. 8.2.

For Snowboard Cross and Snowboard Alpine, the maximum number of athletes per NSA and per gender permitted to participate in official training is 5. For all other Snowboard events, the maximum is 4 per NSA and per gender.

Freestyle, Freeski and Ski Cross events:

Maximum 36 participants with a maximum of 20 competitors of either gender plus the competitors according to art. 8.2.

For Ski Cross, the maximum number of athletes per NSA and per gender permitted to participate in official training is 5. For all other Freestyle and Freeski events, the maximum is 4 per NSA and per gender.

2. Qualification Standards and Calculation

For the combined Snowboard, Freestyle and Freeski World Championships the following regulations will apply:

Basic Qualification spot (BQ): one competitor can be entered by meeting the minimum FIS points listed in the below table referencing the event.

Additional Qualification (AQ): additional competitors (above the awarded basic spot) need to have the minimum FIS point level as listed in the table below.

Table of qualification standards by event:

| Standards / Requirements | PAR | Cross/Team | SB/FK HP | MO/DM | AE/AET |
|---------------------------------------|-----|------------|----------|-------|--------|
| Basic Qualification points level | 5 | 50 | 20 | 5 | 5 |
| Additional Qualification points level | 50 | 50 | 50 | 25 | 25 |

3. Slopestyle and Big Air Snowboard and Freeski Quota Allocation procedure and Minimum Standards:

Snowboard Slopestyle and Big Air and Freeski Slopestyle and Big Air are counted as one (1) event in the respective discipline. Only one (1) quota place for one (1) athlete will be allocated for both events in the respective discipline.

Quota places per National Association (NSA) with athletes that are eligible will be allocated to a maximum number of participants of 50 men and 30 women for Snowboard and 50 men and 30 women for Freeski using the 12th FIS points lists "Slopestyle" (valid for Snowboard or Freeski). A pre-list based upon entries will be prepared using the 11th FIS points list.

The Reigning World Champions will be added above the 50 men and 30 women, and if different between BA and SS both will receive a personal spot.

The women's and men's quota allocation will be made by assigning at first one quota spot per nation that fulfills the basic quota requirement as per the table below. The remaining NSA's nation spots for women and men will be allocated by assigning one quota place per competitor from the above mentioned 12th FIS Slopestyle points lists in the respective discipline (following the ranks from top down) up to a maximum of 4 per gender per nation.

Once an NSA has achieved the maximum number of four (4) places per discipline and gender its remaining athletes will no longer be counted and the next eligible NSA on the 12th FIS Slopestyle points Lists in the respective discipline will be allocated a quota spot.

If there is a tie for the final allocated quota place(s) on either the men's or women's FIS Slopestyle points Lists in the respective discipline, the athlete with the highest position between the tied athlete on the respective discipline 12th FIS points list published will be ranked ahead. If the athletes are still tied with points and rank, then the tie will be broken through the previous most recent FIS points lists in the respective discipline to determine the better ranked athlete.

Once the 12th FIS points lists are issued nations are required to confirm or dismiss their allocated quota spots within 10 days from when the 12th lists are issued. Based upon the confirmations and dismissals of the 50 men and 30 women nations quotas spots will be confirmed by FIS.

Quota places dismissed by the NSA at any given point until latest 10 days prior to the 1st competition day will be reallocated to the next eligible NSA on the ranking list as described above. If a NSA does not dismiss a quota place but thereafter does not enter or participate with an athlete at the Championships, the NSA will be sanctioned on site.

In case an NSA is allocated quotas in the individual events that total more than the maximum of 36 athletes, the NSA may only select a maximum of 36 (maximum 20 per gender) athletes across the Snowboard events and 36 (maximum 20 per gender) in the Freestyle / Freeski events.

| Standards/ Requirements | Snowboard Women | Snowboard Men | Freeski Women | Freeski Men |
|-------------------------------------|--------------------|------------------|------------------|----------------|
| Basic Qualification points level | 80 | 80 | 60 | 90 |
| Additional Qualification points | 80 | 80 | 60 | 90 |

4. Timelines

Outlined below are the precise entry dates, publications of the FIS points lists and the draw procedures for the competitions.

Due to WSC Precision 3 and 4 only qualified competitors can be registered at the time of the provisional team selection.

Only qualified competitors with the required FIS points can be entered into the competitions.

| Art. | When | What | Who |
|-------------|--|---|---------------------------|
| WSC 12.2 | July 1 st | Official Invitation to all National Ski Associations | OC |
| WSC 12.3 | October 31 st 2026 | Preliminary team entry for all. For SB/FS SS and Big Air Preliminary team entry has to be done by name in order to generate the ranking list to allocate the quota spots per nation. | Each National Association |
| WSC 12.4.1 | February 13 rd 2027 | Provisional team selection | Each National Association |
| 12.4.2 | 24 hrs after the last FIS World Cup event before the respective Championships | Final team selection | National Association |
| | 02 March 2027. For Moguls, Aerials and Ski Cross, the online entries system will be reopened if necessary to allow late changes until 08 March. | | |
| WSC 12.5 | 1 hr before the draw | Draw | National Association |
