Competitors in an INACTIVE status will not be allowed to start.

All applications to change licence registration from one member National Ski Association to another are subject to consideration by the FIS Council at its Meetings in the spring (applications may only be submitted by 1st May each year). In principle an application to change licence registration will not be granted unless competitors demonstrate their personal association with the new nation. Prior to submitting an application to change licence registration competitors must possess the citizenship and passport of the country for which they wish to compete. In addition, competitors must have had their principal legal and effective place of residence in the new country for a minimum of two (2) years immediately prior to the date of the request to change registration to the new country/National Ski Association. An exception to the two-year residency rule may be waived if the competitor was born in the territory of the new country, or whose mother or father is a national of the new country. Applications will not be accepted if a parent has obtained a passport for the new country, but is not resident, and/or there is no family ancestry.

Furthermore, competitors are required to submit a detailed explanation with the application about their personal circumstances and the reason for requesting a change of licence registration. A change of nation can only be made once and after confirmation by the FIS Council. A change back or a second change is not allowed.

MA 78) START NUMBERS (REGULAR) - “PERSONALIZED” BIB SYSTEM

“Personalized” Bib System:

Considering the large field of athletes at the World Championships it can be helpful to give out only one bib for the whole week (identifying the racer, maybe to keep as a souvenir), rather than daily a set of bibs in the exact start order. This can save waiting lines and many working hours of handing out and collecting bibs. But the system can only be successful if the following measures are taken:

D) “FIS MASTERS WORLD CUP FINALS” – SPECIFIC REGULATIONS

MA 81) OVERALL MASTERS WORLD CUP

Each year there is an “Overall Masters World Cup Winner” in each class. In all FIS Masters World Cup Races the first 30 competitors in each class receive FMC-Points to be added up throughout the year. Additionally to the Overall FIS Masters World Cup winners in each class, Overall Titles per Category (A, B, C and D) and per Discipline (Giant Slalom, Slalom and Super-G) will be awarded. No Overall Title by Category will be awarded for Alpine Combined.

MA 82) POINT CALCULATION

Winner, of the Overall Masters World Cup in each Class, is the racer accumulating the highest number of points taking into account his 12 best rankings of the season - regardless of the event. If no additional FIS MC Race is scheduled or executed at the World Championships week there will be no double points race.

MA 84) TIE BREAK RULE

In case of a tie in points for 1st, 2nd or 3rd place for the Overall Masters World Cup Winners, the tie is to be broken according to the following system:

- a) Winner is the racer showing the lower sum of race points of his 9 best placing after the last race.
- b) In case that his 10th or 11th etc. best result is an equal ranking to his 9th best, those with the lowest race points have to be considered.

MA 85) ORGANIZERS' DUTIES

The "FIS Masters World Cup Finals" take place annually at the end of the Competition Year.

MA 88) FMC CALENDAR GUIDANCE

Each Nation organising FIS Masters World Cup Races (FMC) can organise only one (1) group of back to back races during the Calendar period from December to April.

In this period, preference is given to week end races and WCM, FMC Finals and WWMG are not included in the above limitation.

Additional FMC races during this period are possible, but in any case no Nation should be awarded a second group of races before all other organizing Nations have been given the chance to organize their first group of races.

E) MA 90) "FIS MASTERS INDOOR GRAND PRIX" FMGP – FIS MASTERS INDOOR GRAND PRIX

Each year there is an "FIS Masters Indoor Grand Prix Winner" in each age class, corresponding to the Indoor Slalom Races organized in the month of October and November. In all Indoor Slalom Races of the FIS Masters World Cup the first 30 competitors in each class receive FMC-Points to be added up

throughout the months of October and November in order to determine the winners. Those races will count for the FMC – FIS Masters World Cup and in addition will also count to the FMGP – FIS Masters Indoor Grand Prix.

MA 87) TWO FMC COMPETITIONS ON THE SAME DAY

When requesting to add competitions which include two SG or GS (single run) competitions in one day to the FIS Alpine Masters Calendar, the respective NSA must provide participation numbers from the previous two times (excluding WCM) that a FIS Masters event was held at the venue. If either of the previous two events had more than 180 competitors, a second race will not be calendared on the same day.

Two FIS Masters World Cup GS (single run) and SG competitions can be held on the same day provided that a maximum of 180 athletes take part.. This limitation does not apply for programs with simultaneous races or programs where the first race is held in the morning and the second race is held at night with a minimum of eight (8) hours between the start of the first race and the start of the second race. Decision to cancel the second competition must be taken at the TCM the day before.

I) RACE COURSES

MA 31) COURSE-SETTING

The Organizers are responsible for providing experienced course setters. General ICR-Rules applies, except where there are specific ICR Masters Rules (e.g. relating to vertical drop, number of gates, course characteristics etc.).

- Flowing and rhythmical courses should be set close to the fall line, avoiding pitfalls.
- Avoid setting very fast courses with dangerous jumps.
- Avoid special measures for reducing speed, such as sharp turns or long traverses.
- Provide hard, machine packed courses, preferably on man-made snow, continuously maintained by course workers to ensure equal conditions for all competitors (see rule MA) 43 b).
- For all events of Masters races the course setter should set the number of gates taking the nature of the terrain into consideration, the conditions of the slope and the ability of the competitors. There are no requirements related to minimum or maximum number of gates.
- All race courses must be FIS-homologated for the

- appropriate event.
- The race should be decided by skill and good technique and not by crashes and disqualifications. First priority must be given to the safety of the racers.
