RULES FOR THE ORGANISATION OF FIS WORLD CHAMPIONSHIPS

A BASIC RULES

1. FIS own Competitions

- 1.1 The FIS World Championships (WSC) are the FIS own competitions. Participation is open to all National Ski Associations affiliated to the FIS. They are to be organised in accordance with the FIS Rules and under the control of the FIS (ICR art. 202.1.1).
- 1.2 The FIS Council appoints the National Ski Associations together with the Organisers of FIS World Championships in all disciplines.
- 1.3 Candidates for the organisation of FIS World Championships must provide the FIS with a written confirmation stating that they are prepared to conform in all respects with FIS Rules for the organisation of FIS competitions (art. 201.3.1 ICR) and must sign a contract stipulating all rights and obligations of the Local Organising Committee (LOC) immediately after the election as Organiser.

2. Year and Dates

- 2.1 The FIS World Championships in the Alpine, Nordic, Freestyle, Snowboard and Freeski events are organised every uneven year.
- 2.2 FIS Ski Flying World Championships are organised every even year.
- 2.3 In order to have the FIS World Championships carried out under the best possible snow conditions the Alpine events should, in principle, be organised in the first half of February, the Nordic events in the second half of February and the Freestyle Ski, Snowboard and Freeski competitions in February between mid-January and mid-March (southern hemisphere: July/August).
- 2.4 **Cancellation**

In case there is not sufficient snow on the courses, the FIS World Championships will be cancelled. If necessary, FIS will organise a snow control 14 days prior to the first official training day to determine whether or not it is possible to carry out the competitions.
- 2.4.1 Any competitions that have to be cancelled for any reason during the Championships will not be carried out after the Closing Ceremony at a later date or at another site. The event(s) will be cancelled and no medals awarded.

3. FIS World Championships and other International Events

During the period when FIS World Championships take place, no FIS World Cups in the respective discipline may be held in any other nation without the special permission of the FIS Council. The competitions in art. 201.3.3 and 201.3.4 ICR do not come under this rule. Demonstration events for other sports, special competitions etc. may not take place within the official FIS World Championships programme.

4. Organisers of FIS World Championships

4.1 The organisation and the carrying out of FIS World Championships are delegated by FIS to a National Ski Association and a location and a LOC.

4.2 The FIS Council elects the organising National Ski Association and the location for the Alpine, Nordic, Freestyle Ski, Snowboard and Freeski events at least 5 years before the respective FIS World Championships and at least 4 years before the FIS Ski Flying World Championships are to take place.

4.2.1 A National Ski Association shall only be allowed to submit applications for the organisation of FIS World Championships for the election at least 2 years after having organised FIS World Championships in the same discipline(s) within its' nation, i.e. a National Ski Association can only organise World Championships in the same discipline(s) once every 8 years.

4.3 Per decision of the FIS Council (November 2001) the election procedure is as follows:

The FIS Council shall elect the Organisers in a closed meeting;

- An absolute majority of votes shall be required and,
- If an absolute majority is not reached in the first ballot, the Candidate receiving the fewest number of votes shall be eliminated and so on until one Candidate has received an absolute majority;
- In the case of a tie for the last place or places a second ballot will be taken between those who tied.
- All Council Members irrespective of their nation of origin shall have the right to vote.
- The results of the voting shall be published, including the number of votes for each Candidate in each round, at the ceremony after the official announcement of the selected organising city.

According to the FIS Statutes, Article 30.3:

- The President can vote. When the vote is tied, he has the deciding vote.

4.4 The National Ski Association appoints a LOC for the FIS World Championships.

A National Ski Association wishing to organise FIS World Championships must send a written application to the FIS Secretary General according to the FIS Rules at the latest by 1st May the year before the election meeting is to take place together with a registration fee and guarantee for training days.

Until 31st October the FIS Council has the right (veto right), to decide if the application shall be accepted or not.

5.1.6 In principle a Candidate may only submit an application for one FIS World Championship in the same year, since there is considerable interest in hosting the different events throughout the ski world.
