All the above spots are to be considered in addition to the maximum team size per nation and athletes need to meet all eligibility criteria to start in World Cup the following season, or in case of the ANC and SAC the same calendar season.

General personal spot notes:

The personal spot winners must have the minimum points to start in WC.

In all cases only the winner of the competitions or series will receive the personal spot. If the winner is the same in several competitions or series, the personal spot cannot be reassigned.

If the winner of the CoC or WJC does not meet age eligibility criteria to start in the World Cup, the spot will be awarded to the highest ranked competitor that meets such criteria.

*For the winners in Junior World Championship, BA will only award a personal spot in BA, SS will only award a personal spot in SS, and HP will only award a personal spot in HP.

** The Continental Cup (CoC) personal spots for HP and the personal spots for combined SS/BA ranking are received by the highest ranked competitors from the host continent that meet all eligibility criteria to start in World Cup the following season, or in case of the ANC and SAC the same calendar season. How this ranking is calculated is defined in the respective Continent Chapters in the CoC book. The personal spot winners must have the minimum points to start in WC.

Basic, Elite, Additional Spots:

Maximum team size is 10 per nation (max 6 women / 6 men) and referring to the following quota calculation process:

Snowboard Elite personal spots are earned through the World Cup Ranking and the World Snowboard Points List (WSPL) for Freeski they are earned through the World Cup Ranking and the FIS Points Base list. If 3 World Cups were not conducted in an event, for snowboard the WSPL at 30th of May and the FIS points Base list for Freeski will be used to calculate all of the elite spots. (If the WSPL list

ceases to exist the current seasons FIS points Base list will be used). Elite quotas will be personal spots and will be granted even if more than the maximum team size and gender size as above described.

Snowboard Elite Quota Spots calculation: The top 5 women / 6 men World Cup Ranking and top 5 women / 6 men WSPL will be considered.

Freeski Elite Quota Spots calculation: The top 5 women / 6 men World Cup Ranking and top 5 women / 6 men Freeski FIS points Base list will be considered.

Additional Nation Quota spots*

- 1 additional spot with 2 competitors ranked between next rank after quota calculation and 20 (women) or 25 (men).
- 2 additional spots with 3 or more competitors ranked between next rank after quota calculation and 20 (women) or 25 (men). (The count for additional nation quotas spots will exclude the names of competitors who earned elite spots from the World Cup ranking).

*Basic and additional Quotas spots are calculated using the following ranking lists: Snowboard: earned through the WSPL rankings on the 30th May each year (If the WSPL list ceases to exist the respective FIS Points Base list will be used); Freeski: FIS Base Points List (calculated in June of each year);

2.3.4 Allocation system to fill in the additional spots

Ranking list Additional Spots are awarded (with a limitation of 2 per nation in SS/BA and 3 in HP) according to the following allocation system:

The Competition Invitation will be available 3 months prior to the first competition day.

60 days prior to the 1st competition day all teams must submit entries by name through the FIS online entry system.

58 days prior, FIS will produce a ranked list of the entered competitors. This list will indicate Host Nation Quota, Prequalification Competition Spots and Personal Spots, Basic Quota, Elite spots, & Additional Quota.

Competitors will be ranked according to the current WSPL for Snowboard and the latest FIS point list for Freeski. For BA, competitors will be ranked according to their highest rank between SS and BA. Ties will be broken by BA rank.

The remaining empty spots to reach the maximum number of competitors will be taken from the ranked list of entered competitors.

If entries reach or exceed the maximum field sizes as above mentioned only competitors who meet the minimum points criteria will be considered.

If entries don't reach the allowed maximum fields sizes per event according to the above quota description, then the competitors entered over quota and those who

don't meet the minimum point criteria will be considered in order to reach such maximum numbers.

Nations may replace competitors as long as they are ranked higher than the highest ranked competitor on the waiting list.

2.3.6 Reallocation of Spots

Remaining available spots will be reallocated to the next highest ranked competitors on the entry list. Once the fields are allocated and confirmed the next 3 men and 2 women on the ranked list of competitors will be added to those permitted to train and forerun as a waiting list. 5.10 FIS Snowboard World Cup Starting List (WCSL)

For WCSL Refer Chapter 6.

6. FIS WORLD CUP STARTING LIST (WCSL)

6.1 The World Cup Starting List (WCSL) is a ranking list based upon a competitor's past season World Cup points, as a Base, with those points being progressively deducted from the Base during the current season and replaced with the present season's World Cup points.

6.2 Addition

After each FIS World Cup, WSC or OWG competition, the World Cup Points gained in that competition will be added to the competitor's total for the current season.

6.3 Deduction

After each FIS World Cup, FIS WSC, or OWG competition, a proportion of the competitor's World Cup Points from the previous season (see art. 6.4) will be deducted from the competitor's total for the current season. If a cancelled competition is not rescheduled, the deduction for that competition will be done after the end of the season (see also 6.4 below).

6.4 Calculation of Deleted Points

To establish the value to be deducted for every completed competition, base WCSL points of the previous season are divided by the number of FIS World Cup, WSC and OWG competitions scheduled in the respective Event for the current season. In exceptional cases, when the cancellation of multiple competitions, without rescheduling, has a significant impact on the accuracy of the WCSL, FIS can decide to reduce the number of scheduled competitions counted in this calculation accordingly. After every competition this value is multiplied by the number of FIS World Cup, FIS WSC or OWG competitions held in the respective Event, rounded to integer, and finally subtracted from the base WCSL points of the previous season.

6.5 Status of Injured Persons**6.5.1 WCSL Points of the Previous Season**

In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 6.3 of the FIS World Cup rules, in order to keep the WCSL current.

6.5.2 Application for Status as Injured

If due to injury a competitor has started not more than 4 times per event, during the period from October 15th to April 15th, the National Ski/Snowboard Association may apply for the approval of a status as injured in the WCSL for the upcoming season provided that such application is made no later than April 30th.

If the status as injured is approved according to the World Cup rules, the competitor will be enrolled in the WCSL of the respective event(s) for the coming season.

6.6 Reclassification

Approved injured competitors will be reclassified, before the beginning of the next season. This will be done in order to adjust the new season's WCSL list.

6.6.1 No start or a Maximum of 1 WCSL Start per Event

If a competitor starts at a maximum of one WCSL competition of the event concerned in the season, their penalty is calculated according to the competitor's rank before the beginning of that season.

6.7. Participation

If a competitor has participated in at least two WCSL competitions in the event(s) concerned during the season:

- the penalty is calculated according to the competitor's WCSL rank at the moment of the injury (irrespective of the event).
- In case of participation at a WCSL event after the injury, the penalty is calculated according to the competitor's WCSL rank at the moment of his/her last WCSL participation (irrespective of the event).

6.7.1 Retired Competitors

Retired competitors are automatically deleted from the WCSL at latest after 1 season without participation in FIS events.

6.8 Scale for penalties according to ranks
