## 1 **Organization of the FIS Cross-Country World Cup**

The regulations stated in the Organising Agreement signed by FIS, the hosting NSA and the OC, the Cross-Country World Cup Organizer Manual with all checklists, the ICR and this document of the Rules for the FIS Cross-Country World Cup are binding for all organizers of FIS Cross-Country World Cup events.

### 1.1 **FIS Event Management**

The management of the events is placed under the responsibility of the Organizing Committee (OC) and the FIS Cross-Country staff (FIS staff).

The FIS staff is responsible to follow and support the OC during all the preparation period, on site during the events and from the FIS Nordic Office in the FIS headquarter.

The OC must periodically inform the FIS staff about all major preparation steps and the FIS staff must inform the OC about impacting rule changes.

All important decisions will be taken after a joint discussion between the OC and the FIS staff.

#### **FIS Cross-Country Staff:**

- Race Director: Michal Lamplot – [lamplot@fis-ski.com](mailto:lamplot@fis-ski.com)
- Race Director Assistant: Simon Caprini – [simon.caprini@fis-ski.com](mailto:simon.caprini@fis-ski.com)
- World Cup Coordinator: Doris Kallen – [kallen@fis-ski.com](mailto:kallen@fis-ski.com)
- Media Coordinator\*: Synne Dyrhaug – [dyrhaug@fis-ski.com](mailto:dyrhaug@fis-ski.com)

#### **FIS Nordic Office**

- Madeline Nappey and Jessica Rochat – [nordics@fis-ski.com](mailto:nordics@fis-ski.com)

*\*Reference to art. 8.3*

### 1.2 **Jury Members**

A Technical Delegate (TD) and an Assistant TD (TDA) from another nation than the hosting nation is appointed by FIS for every World Cup competition. An additional National TD is to be appointed by the National Ski Association (NSA) of the hosting nation.

The Jury members must arrive on site around 72 hours before the first race to get familiar with the conditions and preparations around the event.

The daily allowance for the Jury members must be paid according to ICR 304.1.1. Bank transfer fees and added value tax are covered by the OC. In case a nominated official must withdraw his/her participation due to sickness or force majeure, the OC is responsible for covering the already occurred expenses.

### 1.3 **Event Preparation Group**

In case of difficult snow conditions or any situation liable to jeopardize the organization of the events (such as health, security issues, etc.), the Event Preparation Group will be activated to decide possibilities to hold the events as planned or to make necessary changes (such as postponement, rescheduling of the event, etc.).

To maximize the possibility to organize World Cup events - and in close collaboration with all stakeholders (NSA's, rights holders, OC's, FIS Medical Committee, etc.) - the Event Preparation Group can adapt the competition schedule, race formats, race course and - if necessary - the World Cup rules and World Cup calendars.

Decisions from the Event Preparation Group will be communicated by the FIS Race Director to the FIS General Secretary for approval.

The members of the Event Preparation Group are:

- FIS Cross-Country Staff
- One representative of the OC
- One representative of the hosting National Ski Association
- The chair of the FIS Cross-Country Committee
- One representative of the athletes

If necessary, the FIS Race Director can nominate an expert (such as FIS TD or FIS homologation inspector) to be sent on site to inform the event preparation group of the situation on site.

All the travelling and accommodation costs are covered by the OC.

In addition, the expert will receive a daily rate paid by the OC according to ICR 304.1.1.

A World Cup event can only take place if at least 7 nations from the top 10 nations (according to the Nation's Cup 2023/24) are eligible to participate.

#### **1.4 Substitution, Cancellation, Postponement**

If for any reason a FIS World Cup competition cannot take place, the FIS Race Director must be informed immediately by the OC and/or the National Ski Association. The Race Director then activates the Event Preparation Group who defines the necessary actions before communicating officially.

Depending on the circumstances, the competitions can be transferred to an alternate location, cancelled, or postponed to a later date in the season.

##### **1.4.1 Alternate Location**

In principle, a transferred competition shall be carried out in the same country. The involved NSA is responsible to coordinate and ensure the transfer of knowledge, information and finances to the new OC.

If that is not possible, the competition may be carried out in another country. In this case - and to reduce the cost of the organization - the new OC has the right to ask for the cancellation of the payments of the red group lists (art. 6).

If the decision to reschedule to a new location is taken later than 8 days before the event, the original OC must pay the travel costs to the teams entered at the date of the decision and be in charge for cancellation fees of the accommodation according to art. 6.

##### **1.4.2 Cancellation**

In the case of cancellation later than 8 days before the event and except in case of force majeure (storm, cold weather and unpredictable circumstances) the OC must pay the travel costs to the teams entered and willing to compete at the date of the cancellation according to art. 6.

## **1.5 Snow and Weather Conditions**

### **1.5.1 Snow Control**

The OC must regularly inform the FIS Race Director about snow conditions and preparations, especially during the last 3 weeks before the event. A snow controller is nominated by the FIS Nordic Office for each World Cup stage and is responsible for sending a report to the FIS Nordic Office 15 days before the event.

The snow report needs to include information about guaranteed training courses available from 5 days before the event. The RD/RDA, Jury as well as the sports team from the OC will evaluate the training possibilities and inform the teams.

If the snow report is negative the FIS Race Director will coordinate the work of the Event Preparation Group as described in article 1.3.

### **1.5.2 Snow Guarantee, Salting, Snow Transportation**

The capacity of snow production, snow storage and ability to guarantee safe snow conditions in general must be taken into consideration when applying to host a World Cup.

Each World Cup venue must prepare and present a detailed plan for snow guarantee during the summer inspection.

In any case, the possibility to use salt on the courses and to transport snow from other locations must be checked and approved by the appropriate authorities. Enough salt must be available.

### **1.5.3 Extreme Weather Conditions**

The OC is responsible to provide a local and professional weather forecast. In case of extreme weather conditions expected during the event (official training and competition days), the Event Preparation Group will be activated to make decisions on the possibility to hold the events as planned or to make any necessary changes.

During this process a local weather expert must be provided by the OC and be available to give some inputs to the Event Preparation Group. The Jury will be consulted and represented by the FIS Race Director.

## **1.6 Medical Support Requirements**

The OC is responsible for setting up an appropriate rescue service during all training and competition times. The medical support requirements for FIS event organizers are given in the ICR and in chapter 1 of the FIS Medical Guide.

## 2 **Sport Regulations**

### 2.1 **World Cup Entry Requirements**

#### 2.1.1 **Basic entry requirements**

The quota is valid under the condition that every individual competitor has an active FIS code number and scored in the valid FIS Points List:

##### **Sprint World Cup:**

150 FIS Points or less on the FIS Points list (Distance or Sprint) valid for the respective World Cup.

##### **Distance World Cup:**

150 Distance FIS Points and less on the FIS Points List valid for the respective World Cup.

##### **Valid FIS points lists for athletes' eligibility**

<b>World Cup</b>	<b>Valid FIS Points list for athletes eligibility</b>

FIS Tour de Ski, Les Rousses	4th FIS Points List
Engadin, Nove Mesto, Falun WSC Trondheim	5th FIS Points List
Oslo ,Tallinn	6th FIS Points List
Lahti	7th FIS Points list

#### 2.1.2 **Exception for the NSA's not carrying out a FIS World Cup**

Each FIS affiliated National Ski Association not carrying out a FIS World Cup can register one (1) competitor per gender in the Distance competition if:

- they have scored 150 FIS Points (Distance or Sprint) on the FIS Points List valid for the respective World Cup.

or

- One (1) result equal or better than 100 FIS points (Distance or Sprint) at the U23 WSC or JWSC, WSC in the previous or current season.

***Valid FIS points lists see article 2.1.1.***

#### 2.1.3 **Other exceptions**

In exceptional circumstances (top athletes from Biathlon, Nordic Combined and developing nations, etc.), athletes who did not reach the World Cup entry requirements can be allowed to start.

The respective NSA must apply in a written way to the FIS Nordic Office latest one week before the event. With taking all into consideration, the FIS Race Director will take the decision and will inform the OC and the Jury.

## 2.2 Athletes Start Quotas for Individual Events

### Start quotas for FIS Cross-Country World Cup

Each nation has the right for a maximum of 10 start quotas for all World Cup stages.

**The winners or the current leaders (1 person per gender) of all listed COC will get reimbursement according to art. 6.**

In case of a tie, the spot will be awarded according to the following principle: If two or more competitors score the same number of points, the spot will be given to the competitor who has:

- a) the highest number of individual COC wins
- b) the best results (e.g. most 2<sup>nd</sup> places, most 3<sup>rd</sup> places, etc.)

If the competitors are still equal, they will all get an additional quota.

**In case of cancellation of COC events:**

If no event could be organized in the 2023/24 season (there is no COC winner) the relevant COC will lose its right for additional quota for the 1<sup>st</sup> World Cup period.

### **2.2.5 National group quota**

The organizing country has the right to enter a maximum of 10 additional competitors as “national group” (except Tour de Ski where a maximum 5 competitors per organizing nation applies).

If a competition is transferred to another country, the right for a national group quota of maximum 10 additional athletes is transferred to the new country. The original country will keep the right for an additional quota of maximum 5 athletes.

### **2.2.6 Start quotas for stage events (FIS Tour de Ski)**

#### **In addition to the maximum quota of 10:**

The host nation has the right to enter a maximum of two U23 athletes per gender.

### **2.2.7 Quota exception for Team Competitions**

Each nation has the right to enter 4 athletes per gender in all individual competitions if there will be a Relay or Team Sprint during the same World Cup stage (even if their basic quota is lower than 4). This will not apply for the organizing nation (due to the national group quota).

*Further athletes start quota see art. 2.4.*

## **2.3 Starting Order World Cup Individual Events**

### **2.3.1 Seeded group**

The seeded group is defined as the top 15 competitors registered to compete according to the current Distance or Sprint World Cup standing.

The current Overall World Cup leader is added as one extra athlete if not already included.

Please check specifics on the starting order for the “Stage Events” (see enclosure).

### **2.3.2 Starting order for Mass start**

For mass start competitions (including Skiathlon) the Overall World Cup leader is always assigned the first start position, followed by the competitors of the seeded group (art 2.3.1), who are assigned the next start positions in order of their current Distance World Cup standing.

Following the seeded group, all other competitors will be assigned start positions according to their FIS Distance points (sorted by points).

Lastly a group for those with no FIS Distance points is drawn.

### 2.3.3 Starting order for individual Sprint

The seeded group is defined as the 15 best athletes registered to compete: the Overall World Cup leader and the rest according to the current Sprint World Cup Standing.

Please check specifics on the starting order for the “Stage Events” (see enclosure).

#### **Groups for qualification round**

The athletes registered to compete will be assigned to 3 groups as follows:

Group 1: seeded group (art. 2.3.1)

Group 2: the 15 best athletes after the seeded group according to the FIS Sprint points

Group 3: the rest of the registered athletes

If less than 60 athletes are registered to compete, the number of athletes assigned to group 1 and 2 will be reduced accordingly.

#### **Starting order for qualification round**

The start list will be established as follows:

##### **Group 1 and group 2:**

Seeded athletes will start each second start number and the athletes assigned to group 2 will start between them (according to their FIS Sprint points in reverse order).

Seeded athletes choose even numbers, athletes from group 2 are set to odd numbers.

During the Team Captains Meeting, the start numbers for seeded athletes will be determined by draw.

##### **Group 3:**

After the seeded group, the athletes will start according to their FIS Sprint points.

#### **Heat selection for the quarterfinals**

The qualified athletes will be responsible for choosing their quarterfinal heat.

The athletes will choose according to the following order:

11<sup>th</sup> to 1<sup>st</sup> position from the qualification round, followed by 12<sup>th</sup> to 30<sup>th</sup> position from the qualification round.

The bib distribution will be organized in the finish area and all athletes must be present. Except, in case of a force majeure (certified by the Medical Responsible and rescue service of the OC).

If an athlete is not present at time of the bib distribution, the athlete will lose their right to choose their quarterfinal and will receive the last available spot. If several athletes are not present at time of the bib distribution, the athletes will receive the available spots in the order of their qualification results and in the order of the quarterfinal heats (quarterfinal 1 will be completed first, the quarterfinal 2, 3, 4 and 5).

### 2.3.4 Starting order for Interval start (Distance races)

The seeded group is defined as the 15 best athletes registered to compete: the Overall World Cup leader and the rest according to the current World Cup Distance Standing.

Please check specifics on the starting order for the “Stage Events” (see enclosure).

#### Groups for Interval start competitions

The athletes registered to compete will be assigned to 4 groups as follows:

Group 1: seeded group (art. 2.3.1)

Group 2: the 30 best athletes women and the 40 best athletes men after the seeded group according to the FIS Distance points

Group 3: the 15 best athletes after group 2 according to the FIS Distance points

Group 4: the rest of the registered athletes

If less than 60 women and 70 men are registered to compete the number athletes assigned in Group 2 will be reduced accordingly.

#### Grouping order for Interval start competitions

The start list will be established as follows:

##### Group 2:

From the first start number to the beginning of the seeded group, the athletes will start according to their FIS Distance points in reverse order (higher FIS points start first)

##### Group 1 (seeded group) and group 3:

The seeded athletes will start each second start number and the athletes assigned to group 3 will start between them (according to their FIS Distance points in reverse order).

During the Team Captains Meeting, the start numbers for seeded athletes will be determined by a draw.

##### Group 4:

After the seeded group, the athletes will start according to their FIS Distance points.

## 2.4 Athletes Start Quotas for Team Competitions

Each nation has the right to enter two (2) teams. Mixed teams (different nations) are allowed for all National Ski Associations.

No more than two NSAs (nations) can form one (1) team.

All athletes need to have an active FIS code number and to have reached during the last 365 days at least one (1) result better than or equalizing:

- For Relay: 150 Distance FIS Points and less on the FIS Points List valid for the respective World Cup
- For Team Sprint: 150 FIS Points or less on the FIS Points list (distance or sprint) valid for the respective World Cup – see 2.1.1

## Mixed Relay

Each team consists of 2 women and 2 men.  
Each athlete will race 5 km in the following order:

- Man / Woman / Man / Woman

### 2.4.1 Team Sprint: Number of teams qualified for the final

For World Cup Team Sprint competitions, the top 15 teams from qualification will advance to the final.

### 2.4.2 In case of a tie

In case of a tie, the teams will be ranked according to their team total FIS points. If a tie remains, then the positions are determined by a draw. If a tie still remains, then the positions are determined by a draw.

## 2.5 Staff Quota

A maximum number of team officials is fixed for each NSA (valid for all World Cup competitions incl. stage events). The quota is calculated according to the nations quotas (art. 2.2.1):

Number of athletes Q = Q1+Q2	Staff Quota	Number of athletes Q = Q1+Q2	Staff Quota
12	22	8	12
11	18	7	10
10	16	5 - 6	8
9	14	Basic = 4	6

Teams are not allowed to enter additional team officials.

The OC will organize accommodation (according to art. 5) and transportation (according to art. 5.2 - airport/venue and hotels/venue) only for people included in the staff quota.

The teams will receive World Cup training bibs according to their staff quota (art. 2.6.1) and the table included in art. 2.7.2.

## 2.6 Training Bibs

### 2.6.1 Use of training bibs

Bibs will be used to control access to the field of play and the race course. The bibs will be provided by FIS Staff and it is mandatory to use them and follow the instructions from the Jury. The bibs must be readable from the back and the front. The size, shape and design cannot be changed.

### 2.6.2 Number of bibs

Each team will receive 2 types of bibs (Course and Team) according to their Nation Cup 2023/24 ranking. The following table allocation will be used:

Rank Nations Cup 2023/24	Course	Team
1 – 20	4	4 plus staff quota
Other NSAs ranked	2	2 plus staff quota
Not ranked	Decided by RD	1 plus staff quota
National Group		2 plus 8 staff quota

It is not allowed to use bibs from another nation. The user must be accredited for the same nation as the nation code written on the bib.

SRS bibs are only to be used by SRS companies; no cooperation with teams is permitted.

### 2.6.3 Additional course bibs for female staff members

A maximum of two (2) additional course bibs are made available to each nation that are reserved only for women.

The bibs are intended to encourage nations to develop and appoint female coaches and technicians in the World Cup.

FEMALE STAFF MEMBERS	NUMBER OF EXTRA BIBS

*\*To be confirmed at the FIS Autumn meeting in Zurich, 2024*

### 2.6.4 Additional course bibs for cooperations between nations

A maximum of two (2) additional course bibs are made available to the nations signing a cooperation agreement (max 2 bibs per cooperation agreement, regardless of the number of cooperating nations).

~~These bibs can be used by the respective cooperating nations during the entire World Cup season (whether athletes from that nation are present at start or not). Depending on the number of World Cup weekends (at least 1 per weekend, one gender) the "smaller team" took part in the season 2023/24 the "big team" will be allowed to use the bibs for cooperation in the following way:~~

World Cup participation of the small team*	Number of available bibs
39% and less World Cup participation	1 bib for events when the small team is present
40% - 59% World Cup participation	1 bib for the entire season – no limitation 1 bib for events when the small team is present
60% and more World Cup participation	2 bibs for the entire season – no limitation

\*if more than 2 teams have cooperation, the best World Cup participation will be considered

*\*To be confirmed at the FIS Autumn meeting in Zurich, 2024*

### Calculation of World Cup attendance 2023/24

The bibs are intended to encourage nations to cooperate or bigger nations to support smaller nations on the World Cup.

The agreement between nations must be officially declared to the FIS Nordic Office ([nordics@fis-ski.com](mailto:nordics@fis-ski.com)) by 15<sup>th</sup> September and approved by the FIS Cross-Country Committee (during FIS autumn meetings).

For the 2024/25 World Cup season the following partnerships are approved:

COOPERATING NATIONS	NUMBER OF EXTRA BIBS

*\*To be confirmed at the FIS Autumn meeting in Zurich, 2024*

#### 2.6.5 Access to the race course

The type of bibs and the course opening times will be defined by the Jury for testing and warming-up from one day before the first race until the end of the last competition. A preliminary plan will be communicated to the teams two days before the first race (evening).

On competition days, the racecourse will, in principle, be open from 3 hours before the first race until 5 minutes before the start.

Restrictions might be decided by the Jury according to the snow conditions and specific course situations (for example at City Sprints).

#### Tallinn World Cup

The travel costs will be paid by the organizer to the teams latest 2 weeks after the last competition.

A late payment charge will apply for organizers the second week on\*: CHF 999 per week in default. Excluded from this is a delay due to wrong or missing bank account information (respective NSA is responsible for delivering the right data to the OC directly).

— **\*Currently under review, to be confirmed at the FIS Autumn meeting in Zurich, 2024**

Receipts for the travel cost must be sent by mail at the latest two days after the last competition by the OC to the head coach of the team.

The OC can ask teams for a hotel confirmation as proof of the actual costs. The accommodation costs are not paid if the athlete is staying at a place free of charge.

## 6.4 Nation Support

The organizer shall pay an additional quota (factor) per nation and per gender fixed for the all season and based on the Team Cup rankings from the previous season according to the following table:

<b>Rank Team Cup per gender</b>	<b>Quota 1 for events with Distance or Sprint races</b>	<b>Quota 2 for events with Distance and Sprint races</b>
1 - 3	2.5	4
4 - 6	2	3

#### 6.4.1 Travel and living costs

The organizers must pay for the travel and living expenses of the teams as follow:

**World Cup stage with 1 competition day:** CHF 750 x quota (factor F)

**World Cup stages with 2 competitions days:** CHF 850 x quota (factor F)

**World Cup stages with 3 competitions days:** CHF 950 x quota (factor F)

**Tour de Ski :** CHF 1550 x quota (factor F)

#### 6.4.2 Maximum per nation

A maximum number of athletes (Red Group + COC + season quota) per nation and per gender are fixed as follows.

##### Calculation per gender:

RGd = number of athletes in the Red Group Distance list

RGs = number of athletes in the Red Group Sprint list

COC = COC winner or leader

F = quota per nation (see 6.4)

**RGd + COC + F = maximum 5** for the World Cup stages with only Distance competitions.

**RGs + COC + F = maximum 5** for the World Cup stages with only Sprint competitions.

**RGd + RGs + COC + F = maximum 9** for the World Cup stages with Distance and Sprint competitions.

In the season 2024/25 this concerns all World Cup Stages with the exception for Tallinn, EST.

In any case the organizers will not pay more than the number of participating athletes per nation.

## 7 Team and SRS Facilities

### 7.1 Wax Facilities

At all FIS World Cup competitions each team has the right for wax cabins or parking space and power supply for the teams arriving with their wax truck.

The wax cabin size is fixed and calculated according to the nation's quotas (art. 2.2.1) and the following table:

Nation's Quotas	Number of containers	Approx. size in m <sup>2</sup>
12	3	45 m <sup>2</sup>
10 – 11	2	30 m <sup>2</sup>
5 – 9	1	15 m <sup>2</sup>
All others	3m <sup>2</sup> per athlete (max. 15m <sup>2</sup> )	

- The wax cabin allocation should be sent to the FIS Staff for approval ahead of the event.
- If a nation doesn't fulfill its nation quota, the OC (with approval of the FIS Staff) can reduce the number of containers or m<sup>2</sup> allocated. The level of the entered athletes will be taken into consideration.
- The organizing country has right for additional space for the national group athletes.
- The containers available in each country are different standard sizes; therefore, the size of wax cabins is decided by the size of these containers.
- If a team needs more capacity, the NSA must order the additional cabins through the FIS Entry System (in the preliminary entries form) latest 8 weeks before the first competition.
- The price for an additional container (15 m<sup>2</sup>) is CHF 900 (independent of duration).
- To reduce the costs for both the OC and the NSA, a waxing service can be provided to the developing nations. In this case, the OC (with approval by the FIS Staff) will provide only storage space and changing space to the related athletes.

\* No wax cabins for teams coming with their waxing trucks

### 7.1.2 Wax cabins requirements

- The wax cabins must be ready 5 nights before the first competition and 1 night after the last competition.
- For safety reasons, containers or separate waxing rooms must be used. Big common tents or buildings can not be used.
- The cabins should be equipped with locking doors and teams are to be issued with keys. If the entrances cannot be locked, the organizer must provide security service for the cabins.
- Parking space for teams must be provided within a reasonable distance of the cabins.
- Wireless network must be provided in wax cabin, wax truck and athletes' areas.

### 7.1.3 Wax cabins for SRS companies

SRS members are divided in 3 categories:

- **Category 1:**  
Ski/boots/soles/wax companies with high engagement and contribution to the development of Cross-Country.
- **Category 2:**  
Ski/boots/soles/wax companies with medium engagement and contribution to the development of Cross-Country.
- **Category 3:**  
All other companies and ski/boots/soles/wax companies with low engagement and contribution to the development of Cross-Country.

A detailed list of the companies per category will be published every year and approved at the FIS autumn meetings.

SRS members will have the following rights for wax cabins (independent of duration):

- SRS members cat. 1 have the right to order 1 wax cabin (15m<sup>2</sup>) free of charge.
- SRS members cat. 2 have the right to order 1/2 wax cabin (1 cabin shared with another company) free of charge or the right to order their own cabin for CHF 450.
- SRS members cat. 3 have the right to order a cabin (15m<sup>2</sup>) for CHF 900.
- If an SRS member needs additional capacity, the company can order an additional cabin (15m<sup>2</sup>) for CHF 900.
- A financial penalty (CHF 900 per cabin) will be applied to the company which have ordered waxing cabin and not shown up.
- The companies must order the cabins according to the preliminary booking deadlines stated in art. 4.2. The overall coordination of the bookings is done by SRS.

SRS members coming with a waxing vehicle and requiring power supply will be charged CHF 100 per World Cup event (independent of duration). SRS must communicate the use of their waxing vehicle beforehand, so that the OC can plan accordingly.

### 7.1.4 Safety guidelines for wax cabins

- All wax room staff must wear approved protective masks with filters.
- The masks should ideally have intercom systems to enable the staff to communicate without removing the masks.
- Suction for ventilation should be set up close to the waxing iron and the rotating polishing machines – this will reduce the smoke and pollution in the room.
- General good heating and efficient ventilation.
- The wax rooms must be cleaned and fully ventilated daily.
- The time of exposure to smoke and pollution must be reduced to the absolute minimum per day.
- Access to the waxing rooms without protective masks must be limited.

### 7.1.5 Wax trucks

- Parking space as close as possible from the wax cabins area needs to be available for the teams arriving with a waxing truck.
- Power supply dedicated to each truck must be available maximum 30m from the parking space.
- The teams arriving with a waxing truck will not receive any wax cabin but only changing space as stated in art. 7.2.
  - Exception to this rule are smaller waxing trucks that do not have the capacity for sufficient work and storage space. In this case, the team is eligible for half of their regular wax container space. The wax container allocation and space will be checked by the FIS Staff in advance.
- The following nations will have a wax truck in the season 2024/25: NOR, SWE, ITA, FIN, CAN, GER, SUI, USA, FRA, CZE, AUT
- Teams must confirm their wax use or needs to the OC through the FIS online entry system (in the preliminary entries form) latest 8 weeks before the first competition.
- Teams using trucks or buses as changing or living space for athletes must follow the same information process. The parking space must be available as well for these trucks but the priority (in term of distance to the stadium) will be given to the wax trucks.

*\*To be confirmed at the FIS Autumn meeting in Zurich, 2024*

### 7.2 Athletes Changing Room(s)

To prevent breathing of waxing fumes by athletes, the OC must provide separate athletes room(s) for changing.

The nations listed in the table in art. 7.1.1 must have a separate changing room available (separate cabin or divided boxes with about 15m<sup>2</sup> in a common area).

The nations not listed in the table in art. 7.1.1 share the athletes room with other nations.

To prevent excessive costs for the OC, the FIS staff can approve exceptions to these athletes changing space.

Athletes changing rooms must be heated, equipped with locking doors, chairs, power sources and situated close to the wax cabins area.

### 7.3 Arrangements Field of Play

#### Team boxes

Each team will be assigned a dedicated team space which shall be used as start/finishes changing area for the teams. The teams are obliged to leave those so-called team boxes through the mixed zone.

#### Toilets at start

Depending on the race formats, the organizers should provide min. 2 toilets near to the start.

#### Forerunners

Depending on the race format and length of competition course, organizers should provide sufficient number of forerunners (min. 15 good skiers).

## **Training Opportunities**

Competitors and team officials should be given the opportunity to train and inspect the competition courses for at least 5 days before the first competition until at least the morning after the last competition.

The Jury may close the course or limit the use of the course to certain sections or hours.

## **Further arrangements**

Further arrangements around the organization of the World Cup venue and team area are expected to be put in place as stated in the Cross-Country World Cup Organizer Manual, available in the Cross-Country document section on the FIS website.

## **8 Media Service**

The OC media service must conform to the FIS PR and media regulations including the Media Guidelines elaborated by the FIS Communications Management and the respective stakeholders.

All official communications concerning major changes of the event (confirmation, re-scheduling, cancellation, etc.) must be coordinated with the FIS Cross-Country Media Coordinator. No official communication concerning the event schedule can be sent out without the approval of the FIS Staff.

The OC Chief of Media will be supported by the FIS World Cup Media Coordinator, who is part of the FIS Staff and assists with coordination between sport and non-sport matters. The FIS CC MC coordinates the FIS Cross-Country media interest on sport, event and broadcast level.

The OC covers the expenses of the FIS CC MC for accommodation, meals (full board & non-alcoholic drinks), travel (arranged by FIS) and eventual fees for visa.

## **9 Other**

### **9.1 Athletes' Decision**

No skier shall be forced to enter a FIS World Cup competition.

### **9.2 Athletes Obligations**

If athletes repeatedly refuse to take part or do not show up at an official appointment organized by FIS and/or the OC (approved by FIS), the organizer together with the FIS staff have the right to hold back prize money or team support for the respective athlete/team.

Examples of official appointments: opening ceremonies, media talks (in person or online), bib distribution, team presentation, TV pre-flash interview, TV winner flash interview, leader chair, top-three picture, winner ceremony, official ceremony, press conference, photo shooting, going through the mixed zone, etc.

The FIS staff take into consideration departure flight schedules and “force majeure” may authorize the distribution in the absence of the athlete.

### **9.3 FIS Family Tickets**

Athletes are entitled to receive two free of charge tickets from the OC for each competition day. An overview of the needed tickets is provided by the FIS staff.

## 1 Entries and basic rules

Entries can only be done for all stages. For the athletes and staff quotas, check World Cup Rules art. 2.2 (athletes) and art. 2.5 (staff).

The FIS online entry system must be used for registration. It's the responsibility of the respective team to immediately inform the FIS Race Director and the upcoming OC about the drop-out of an athlete and the consequences in the hotel room bookings.

Drop-out/abandonment of the Tour, disqualification and overlapping (mass start & pursuit) in one race will lead to exclusion from the rest of the Tour.

### 1.1 **Time limits**

An athlete will be excluded from the rest of the Tour if he/she loses:

**Interval start (5 km or more):**

more than ~~48~~20% for women and more than ~~45~~18% for men\*

**Prologue, short Interval start (< 5 km):**

more than ~~23~~25% for women and more than ~~20~~3% for men\*

**Final Climb (Mass Start):**

more than 30% for women and for men

In special conditions the Jury can adapt the percentages.

*\*To be confirmed at the FIS Autumn meeting in Zurich, 2024*

## 2 Tour de Ski Overall Standing

The Overall standing of the Tour de Ski will be calculated by accumulating:

- The results (actual times) where tenths of seconds are truncated from each stage prior to last stage. The results of qualification round will be used for sprint competitions.
- The results (actual times) with the tenths of seconds from the last stage.
- Bonus seconds and time penalties from each stage.

### 2.1 **Tie breakers**

In case of a tie on the current Overall standing (standings that is published after each stage prior the final stage), the competitors will be ranked according to the highest number of individual wins and then the bests results (i.e. most 2nd places, most 3rd places...).

If a tie remains, the competitors will be ranked according to their FIS Distance points.

If the tie remains, the positions are determined by a draw.

In case of a tie after the final stage (final Overall ranking) the competitors will be ranked according to the finish arrival order of the last competition.

If a tie remains, the competitors will have the same ranking on the result list.

### 2.2 **Bonus seconds**

There are bonus seconds for Sprint and Mass start competitions.

The bonus seconds are subtracted from the competitor's actual race time before being added into the overall time score.

### **Bonus seconds in Sprint races**

Top 30 athletes will receive bonus seconds as follows:

1 <sup>st</sup> place = 60 seconds	9 <sup>th</sup> place = 28 seconds
2 <sup>nd</sup> place = 54 seconds	10 <sup>th</sup> place = 26 seconds
3 <sup>rd</sup> place = 48 seconds	11 <sup>th</sup> place = 24 seconds
4 <sup>th</sup> place = 46 seconds	12 <sup>th</sup> place = 22 seconds
5 <sup>th</sup> place = 44 seconds	13 <sup>th</sup> to 15 <sup>th</sup> place = 10 seconds
6 <sup>th</sup> place = 42 seconds	16 <sup>th</sup> to 20 <sup>th</sup> place = 8 seconds
7 <sup>th</sup> place = 32 seconds	21 <sup>st</sup> to 25 <sup>th</sup> place = 6 seconds
8 <sup>th</sup> place = 30 seconds	26 <sup>th</sup> to 30 <sup>th</sup> place = 4 seconds

### **Bonus seconds in Mass start races**

Top 10 athletes at the intermediate sprint positions during Mass start races will receive bonus seconds as follows:

1 <sup>st</sup> place = 15 seconds	6 <sup>th</sup> place = 5 seconds
2 <sup>nd</sup> place = 12 seconds	7 <sup>th</sup> place = 4 seconds
3 <sup>rd</sup> place = 10 seconds	8 <sup>th</sup> place = 3 seconds
4 <sup>th</sup> place = 8 seconds	9 <sup>th</sup> place = 2 seconds
5 <sup>th</sup> place = 6 seconds	10 <sup>th</sup> place = 1 second

If an athlete is ranked in the top 10 in an intermediate sprint and does not finish the competition, the positions and bonus seconds in the intermediate sprint remain the same for the other athletes.

There is no reallocation of the seconds that were earned by the athlete who did not finish. This does not apply in the case of DSQ.

## **3 Tour de Ski Point Standing**

The FIS Tour de Ski point standing will be calculated based on the points scored at each race according to the table in art. 4.

The winner will be the athlete per gender who has collected the most points by the end of the Tour. Only athletes who finish the Tour are ranked.

If an athlete is ranked in the top 10 in an intermediate sprint and does not finish the competition, the positions and bonus points in the intermediate sprints remain the same for the other athletes.

There is no reallocation of the points that were earned by the athlete who did not finish. This does not apply in the case of disqualification.

### 3.1 Tie breaker

In case of a tie, the competitors will be ranked according to the highest number of individual wins and then the best results (i.e. most 2nd places, most 3rd places...). If a tie remains, the competitors will have the same ranking on the result list.
