1 General

All events in the Continental Cup Series will be conducted under the rules and regulations of the International Ski Federation (ICR and COC: Section A), and the respective Continental Cup Committee and National Ski Associations (Cup Rules: Section B). Rule changes can only be made at the spring meeting, before the start of the season (July 1st).

2 Qualification

Qualification standards

The qualification standards and quotas will be established before each season, after agreement with the Alpine Committee. They cannot be modified during the season.

2.1 Basic Quota

Each nation is entitled to a basic quota of two (2), three (3) in DH events, on condition that these competitors have a maximum of 140 FIS points (SAC, ANC 160 FIS points in SL or GS, 180 FIS points in SG, DH or AC) on the valid FIS points list, as follows:

- Slalom, Giant Slalom and Parallel: in any of the five events
- Downhill and Alpine Combined (with DH): in Downhill or Super-G
- Super-G and Alpine Combined (with SG): in Downhill, Super-G or Giant Slalom

2.2 National Quotas

Each National Association's additional quota will be determined by the number of competitors ranked in the top 100 in the event concerned, according to the FIS points lists. (SAC & ANC July FIS points list).

The Parallel additional quota will be determined by the number of competitors ranked in the top 350 of the PWSL list (SAC, ANC July PWSL rankings).

The following quotas are valid for each National Association:

0 qualified competitors	(0 + 2)	=	2 entries
1 “	(1 + 2)	=	3 entries
2 “	(2 + 2)	=	4 entries
3 “	(3 + 2)	=	5 entries
4 “	(4 + 2)	=	6 entries
5 “	(5 + 2)	=	7 entries
6 “	(6 + 2)	=	8 entries

8 “	(8 + 2)	=	10 entries

- 2.2.1** *Quotas for Downhill, Super-G and Alpine Combined at one event*
In the case of Downhill, Super-G and Alpine Combined taking place during one event, the nation's higher quota, Downhill, Super-G or Alpine Combined is valid in all of the three events.
This is also valid for the additional start quota of a Continental Cup event winner.
- 2.2.1.1** *Quotas for Giant Slalom and Slalom at one event (EC)*
In case of Giant Slalom and Slalom taking place during one event, the nation's higher quota, Giant Slalom or Slalom is valid in both events.
This is also valid for the additional start quota of a Continental Cup winner.
- 2.2.1.2** *Extra quota in COC events for athletes within the best top 30 WCSL*
Athletes ranked in the best 30 of the WCSL are assigned a personal quota in addition to the nation's basic and nation quota for all COC competitions in the event concerned. This is only for the COC competitions in the geographical region where these athlete's National Association is a member. (EC* Athletes over quota do not have the right of payment of expenses as per art 7 and 7.1)
- 2.2.2** *Condition for individual qualification*
In order to be eligible to start in Continental Cup races any competitor, with the exception of the basic quota, must be ranked in the top 350 on the valid FIS points list in the event concerned when there is only one event taking place, or in one of the events at the event as follows:

- For Parallel events, competitors must be ranked in the top 500 on the valid PWSL (Parallel World Seeding List).
- 2.3** **Organising Continental Cup and Host Nation (*All Cups)**

- 2.5** **Additional Competitors for Downhill training**

These additional competitors for training must fulfil the minimum qualification requirement, according to 2.1.
- 2.5.2** *Quotas for Downhill and Alpine Combined training*
In case of DH and AC at the same venue, the maximum number of competitors registered for training may not exceed the higher quota (basic

quota + national quota + additional competitors for training) plus 50 %, plus COC winner.

2.6 Applications for entry

2.6.1 *Inscriptions and entry deadlines*

All entries must be sent to the respective Organisers or National Association (as stated in the FIS calendar) at least seven (7) days in advance of the first race (tech) or official training (speed).

For EC and NAC, National Ski Associations must use the FIS online registration system for entries. The organisers are only allowed to accept entries submitted within the communicated deadlines and through the FIS online entry system.

Entries not made according to the rules shall not be entitled to accommodation expenses.

3 Start order

3.1 First group (1 - 15) (*NAC)

The first group (1 - 15) will be determined on the basis of the respective Cup points. In the case of a points tie for 7th (SL/GS) or 15th place (all events) the group will be expanded accordingly.

If there are not 15 competitors with respective Cup points, then the first group comprises only the competitors with respective Cup points.

3.1.1 *Choice of Start Numbers/Draw*

GS/SL: 1st group (1 - 15)

The first group is sub-divided into two groups: (1 - 7) and (8 - 15). The start numbers are then drawn by double-draw from within these groups.

DH/SG/AC: 1st group (1 - 15)

The 1st group competitors and the special group (art. 3.2.1) competitors may choose their start number from between 1 - 30. The remaining start numbers from 1 - 30 will be drawn amongst the rest of the competitors within the top 30.

3.1.2 *Public Draw, procedure and social program*

If several competitors miss a public choice/draw of start numbers for DH/SG, they will be drawn from the remaining numbers. If only one competitor misses the draw, he (she) will be allocated the remaining number.

In SL/GS, they will be drawn from the highest numbers (for example 15, 14,...); if only one competitor misses, he (she) will be allocated the highest number (15).

At a non-public choice of start numbers the team-captains may choose for their competitors (Downhill/Super-G).

3.1.3 *Validity of Cup points (*EC/NAC)*

The final event ranking in the Cup is used as race result with a validity defined in art. 3.1.3. in the next season.

The first ranked has 100 points, the 30th ranked has 1 point. This ranking determines the first 30 competitors for the first race of the season. For the first race, if those 30 competitors who appear on the basic list are not present, the missing places will be filled up by utilising previous season's final event standings.

The Cup points achieved from the first race onwards in each event will be added to the basic list to determine the new ranking.

3.1.4 *Validity of the Basic List*

After the second (FEC, SAC, ANC), third (NAC in GS and SL events) race in that event in the current season the basic list will be deleted. In NAC for DH, SG and AC only two events will be used before the basic list is deleted. Only the Cup points gained in the current season count. European Cup: see art. EC 3.1.3 and 3.1.4.

3.2 **After the first group (*EC/NAC)**

After the 1st group the competitors are enrolled according to art. 3.2.1 (450 / 200 Cup points), followed by the present competitors ranked within the top 30 of the World Cup Starting List (WCSL). The following 15 competitors start according to the respective cup event standing, unless they are within one of the two above mentioned groups. Finally, 30 competitors of the respective cup event standing incl. the 450 points competitors are considered.

In case the first 30 competitors in Alpine Combined do not have Cup points, respectively FIS points in Alpine Combined, competitors will be considered according to the DH respectively SG FIS points - depending on which event will be held for the Alpine Combined.

The same procedure is valid for those competitors after start number 30 who do not have AC FIS points.

3.2.1 *Special Group: 450 (EC, NAC) 400 (FEC) 200 (SAC, ANC) Cup points*

Competitors who have accumulated at least 450 (EC, NAC) 400 (FEC), 200 (ANC, SAC) Cup points in the overall classification in the past or current season of that Continental Cup are enrolled as number 16 in all events in that Cup only, unless they have a right to start in the first 15. If there is more than one competitor with 450 (EC, NAC) 400 (FEC) 200 (SAC, ANC) Cup points then they start in the order of their Cup points in that event, or FIS points if they have no Cup points.

If competitors cannot make use of this facilitation due to injury, they may use it at the first 3 races of the following season. This is valid for a maximum of 3 starts irrespective of the events.

3.2.2 *Winner or qualifier from each Continental Cup starts 31.*

The Continental Cup event winners from the previous season (Southern Hemisphere same season), and best placed competitor from the respective Continent (including all competitors with the same total points as the winner or the best placed competitor from the respective continent) will be named on a separate list on the FIS Website.

These competitors have the right to start as number 31 in all the other Continental Cups (except EC Finals), if they are not already ranked in the top 30. If there is more than one present, they will start in order of their Cup points in that event, or FIS points if they have no Cup points. This right is only valid for the event concerned.

3.3 **2nd runs, Slalom, Giant Slalom and Alpine Combined**

3.3.1 *Limitation for the 2nd run SL and GS*

Only the first 60 competitors who complete the first run are qualified.

3.3.2 *Change Start order 2nd run*

The Jury has the right to decide not later than one hour before the start of the first run whether the reversed order shall be for the first fifteen or first thirty placed competitors from the first run.

3.3.3 *Start order for the 2nd run Alpine Combined*

All competitors who complete the 1st run correctly have the right to start in the 2nd run.

After clearing up the start list for the 2nd run (there is no moving up to the top 30), the maximum best 30 competitors of the 1st run start in the reversed order of the times achieved in the 1st run, followed by competitors according to their times of the 1st run (31st, 32nd, etc.).

3.4 **Leader Bib**

The current leader or the best placed competitor present at the event in the respective Continental Cup will compete in the leader bibs. For the first race of the season this is the winner of the previous season, for the second race this is the winner of the first race and for the third race and thereafter the leader bib is worn by the current leader of the series according to the respective Continental Cup standings. Points

4.2 **Several racers tied for one position**

If several racers are tied for one of the point-scoring positions, each tied racer receives the points corresponding to that position as indicated in art. 4.1. The following racers receive the points corresponding to their official classification in the race.

4.3 **Time difference from the winning time**

If a competitor's overall time is more than eight percent (8%) greater than the winning time, no points will be awarded irrespective of the rank achieved.

A.2 Other Advertising

It is not permitted to put any other advertisement on the finish banner than the above mentioned text and the name and place of the event without the permission of the FIS.

B. Information

B.1 Results Distribution

The Sub-Committee for the respective Continental Cup, or the appointed press and results office, commits itself to publish the overall classification and the classification of the individual events of the preceding races regularly, and as soon as possible after each event.

B.2 E-mail / Electronic transmission

Immediately after approval of the Technical Delegate, it is mandatory for Organisers to transmit official results and penalty calculation electronically in FIS Data format by e-mail to alpineresults@fisski.com.

C. Press service

The press service generally should conform to the recommendations of the International Association of Ski Journalists. Press accreditation for the Continental Cup races must be made according to the guidelines of this association. The Organiser of a competition that counts for the Continental Cup must make sufficient accommodation available to press, radio and television journalists, according to the requests submitted in time. The Organisers must also provide work rooms, with all essential technical aids (Wi-Fi access, printers), in sufficient quantity. The Organisers should appoint an experienced press secretary who draws up the provisional classifications of each competition and passes on, if necessary verbally, the decisions of the competition juries.

C.1 Public Draw

A public draw of start numbers for the top group may be organised for one of the competitions if there is television coverage of the public draw or there is sufficient public interest to provide an interesting event.

D. Continental Cup(s) Awards

D.1 Awards

As a minimum the first five positions are to be awarded with Trophies. It is also highly recommended to award the 1st junior.

D.1.1 *Prize money for Europa Cup*

The Organisers of Europa Cup races must make available at least CHF 2'300.- or the equivalent, per race for prize money. This sum is divided between the best 5 (in Parallel the best 4) competitors (excluded are the top 20 competitors of the valid WCSL).

The Organisers of replacement races must make available only 50% of the minimum prize money.

The payment must be made at the awards ceremony in cash and in convertible currency, taking into consideration the local tax-laws.

The OC must assist the competitors with matters relating to taxation with prize money in the country in which the competition is held.

D.2 *Prize-giving ceremony*

The award ceremony for the individual events may take place after the last race in each event. For example, Downhill and Super-G awards may be presented together at the final event in the series and similarly, Slalom and Giant Slalom awards. The awards for the overall classification (and the Nations Cup where applicable) are presented after the final race of the Continental Cup Series.

D.3 *Details*

The Organiser must provide a simple prize-giving ceremony, which has personal warmth and dignity. The open air prize-giving ceremony is either held on the grounds of the last race or in a public square in the town or resort. A closed-off area, podium, public address system (microphone, amplifier and loudspeaker) as well as a table which is large enough for the trophies and medals to be displayed to the public, must be provided.

D.4 *The first three*

- third, second and first - for each of the events presented

D.5 *Winners*

The winners whose names have been called out shall remain at both sides of the podium, the women on one and the men on the other side, thus avoiding a back and forth by the same competitor called several times.

D.6 *General classification*

- third and second
- winner of the respective Continental Cup

D.7 *Presenting the prizes*

The Continental Cup and the medals are presented by the FIS President or a representative.

G. Accommodation

G.1 Lodging

Lodging for the racers and coaches should be provided in rooms with a maximum of 2 beds with bath or shower. In exceptional cases also 3-bed rooms with bath or shower may be offered, but such solution should lead to a reduction in price.

G.2 Food and beverages

Breakfast: Bread, butter and jam, coffee or tea with milk. Choice of eggs, cheese, sausages and different kinds of cereals

Dinner: Same as lunch

G.3 Mealtimes

The hotel must adapt itself to the needs of the schedule which depends on the training and competition programme. For instance, for Slalom and Giant Slalom events, in general, breakfast is served very early in the morning. For Downhill, daily training is over at approx. 2.30 p.m. and the hotel must be able to serve hot meals on the return of racers and coaches. The Organiser is responsible for informing the hotel management of the agreement with regard to accommodation and food and of the daily programme, including any changes.

H. Ski Rooms

The Organisers are responsible for making adequate ski preparation and storage facilities available to all nations. These must be heated, ventilated and secure.

This responsibility is met by provision of facilities per nation; Organisers are not required to provide facilities per company or per regional/national team. (The recommended ski room size depends on the number of athletes and servicemen).

I. Warm-up courses / forerunners

I.1 Warm-up courses

The Organiser should provide the teams well prepared courses, similarly prepared to the race course, for warming-up and training; these courses must be fenced-off. One of these courses should be at their disposal for the whole day if possible.

I.2 Forerunners

The Organiser should organise sufficient (up to 6-10) qualified forerunners for Downhill and Super-G, and 3-4 forerunners for Slalom and Giant Slalom.

J. Technical details

J.1 Pre-event control of snow conditions on the race courses

In the event that there is not enough snow on the race course, the OC must cancel the event(s). An expert appointed by the FIS shall make a decision in agreement with the Organising Committee.

- for Slalom and Giant Slalom: 6 days prior to the race
- for Australia / New Zealand Cup: 15 days prior to the race

J.2 Rescue service

The Organiser is responsible for providing a race doctor. Together with the Organiser, this doctor must provide competent first aid and immediate evacuation of injured persons, by helicopter when necessary.

J.3 Intermediate timing

At Downhill events the Organisers are requested to provide two intermediate timing points with published times. If the OC does not put at disposal 2 intermediate times, the team of the organising country must provide 2 intermediate times for all the teams. Decision about positions and necessary protection will be taken by the jury.

J.4 Video control

Video control of the entire course is compulsory at all European Cup slaloms and parallels. All other Continental Cup slaloms and parallel organisers should try to work towards this objective.

J.5 Water injection beam

Organisers of EC and NAC Slalom races are under obligation to have available at least one water injection beam.

K. Accreditation / Armbands

Accreditation and armbands should be handed out to the teams and officials. The official accreditations issued by FIS entitle the right to accreditation at an event, but not necessarily automatic entrance onto the course.

L. General

The ICR, the Continental Cup rules section A and section B and other supplementary directives must be strictly followed.
