Overall winner of the FIS Summer Grand Prix Nordic Combined Women is the athlete who took part in all competitions and has the highest number of points - all Individual competitions of the current SGP season will be counted.

Only athletes who have competed in all Individual competitions of the SGP may be included in the "Summer Grand Prix Final Standing" list.

If two or more competitors have the same number of points at the final evaluation, the order will be determined according to the highest number of individual victories resp. according to the successive ranks in SGPNC-W.

3.1.1 The current leader of the SGPNC-W overall evaluation receives the "SGPNC-W yellow leader bib", which she is allowed to keep. The "SGPNC-W yellow leader bib" has to be worn by the leader at the SGPNC-W event, at the official winner's ceremony and at all official Ski Jumping trainings.

3.1.2 "Best jumper's bib" (blue) and "best Cross-Country skiers' bib" (red) will be distributed to each of the current leading athletes after each competition. The "best jumper/skier bib" has to be worn by the respective leaders at the SGPNC event and at the official winner's ceremony.

The basis for calculation is the SGP scoring list, see art 3.1. If there is an equal score in the daily result, each competitor will receive the points assigned to the rank and the following rank will be skipped

3.1.3 All bibs including leader bibs are to be provided by the OC.

3.2 Nation's Cup

The sum of the points of all competitors from one nation of all SGPNC-W of the current season – including the points of the Team- and share of the Mixed Team competitions – will be taken into consideration for the SGPNC-W evaluation per nation.

In case of an equality of points in the SGPNC-W nations' evaluation, the better ranking order of the different competitions (Individual as well as Team competitions) will decide.

3.3 Team Sprint Competition / Mixed Team Sprint Competition

According to the number of the Nations Quota a maximum of three (3) teams per nation are allowed to start.

3.4 Mixed Team Competition

4. Competition Mode

4.1 Competition Conduct

The Summer Grand Prix Nordic Combined Women is to be carried out according to the articles of the ICR and additional rule descriptions.

4.2 Trial round

A Trial round must be carried out before the PCR/Competition round. The decision to use the trial jump is up to the jumper.

If both genders are present at least one official training round but no trial round will be carried out before the PCR.

On competition days with both genders, if the schedule does not allow it, the competition can be started directly without a trial round.

4.3 Provisional Competition Round (PCR)

The Provisional Competition Round will be carried out according to the regulations for a competition round. The scores can be used as a result for the start of the CC race only if the actual competition round Ski Jumping cannot be carried out. This score can be used only one time as a maximum for a weekend.

4.4 Starting Order

The starting order of the FIS Summer Grand Prix Nordic Combined Women will be determined by the current Summer Grand Prix ranking (reverse order). For the first event the final WCNC-W standing from the previous season (2022-2023) is decisive. Competitors without points will be drawn.

The starting order of a Team competition is based on a Nation's Cup SGP ranking. If the SGP starts with a Team-, Mixed Team- or Mixed Team Sprint competition the final Nations Cup standing (men) from the previous season (2022-2023) is decisive. It means the best team of the leading nation starts with the highest bib in jumping competition.
