FIS Corporate Identity

1. Introduction

The FIS Corporate Identity is to be incorporated within all published material, according to the specifications.

This is valid for the official title, the World Championship event logo, the sports constructions, e.g. start house, finish banner, etc., during television promotions as well as all advertising, information and other materiel such as start and results lists accreditation etc. The outline and concept put together are to be agreed between the Organising Committee of the World Championships and the FIS.

2. Explanation of the individual areas

2.1 Title of the Event

Generally "FIS" should always be used in connection with the "World Championship", e.g.

FIS World Championship

Alpine FIS Junior World Championship

FIS Freestyle Ski Junior World Championship

2.2 Official Junior World Championship Logo in conjunction with the FIS Logo

Since it concerns the FIS World Championships, a better coverage of the FIS and integration of the FIS logo should be achieved.

This is especially valid for the Event World Championship logo.

In addition to the World Championship logo, it is of course possible to develop a "World Championship design" for use with different elements, e.g. As a background for the accreditation or as an idea for a poster or other merchandising activities.

3. Sports constructions

In conjunction with the "Corporate Design" of the sports constructions, e.g. start house and start numbers, etc. the FIS Logo as well as the official World Championship logo should always be used; for example by the wearer of the start number or on the start house construction, the start installation for Ski Jumping etc. where the World Championship logo and the FIS logo are to be built in.

This is valid for the following areas:

- Start installation/Start house
- Finish installation/Finish banner
- Board for the presentation of the winners
- Board for the prize giving
- Board for the unilateral interviews
- Functions building
- Sports constructions and stadium entrances
- Start numbers/shirts (FIS logo on user)

4. Organising venue

The above elements (FIS Junior World Championship logo; FIS logo) are also to be used to promote the FIS Freestyle Ski Junior World Championships with the signs in the resort, at the airport, official FIS hotel, etc.

5. Design of the television coverage

The design is to be agreed between the host broadcaster and the data partner on the one side and the Organising Committee and the FIS on the other side. Both the official World Championship logo as well as the official FIS logo are to be considered in the television opening credits, closing credits, results lists etc. This is valid especially for the following television on screen injections:

- TV opening credits for all live coverage
- TV closing credits for all live coverage
- TV opening credits for all recorded coverage
- TV closing credits for all recorded coverage
- TV start list
- TV current standings
- TV results lists
- TV medal review
- TV introduction of the World Championship region
- TV identification

6. Advertising and information material

On all advertising and information material both the FIS Freestyle Ski Junior World Championships themselves and the World Championship logo and FIS logo are to be attractively incorporated.

7. Printed advertising

In principle the FIS logo should be on the title side positioned upper right, or in a tighter form with the World Championship logo.

The basic concept and the design concept are to be agreed between the Organising Committee and the FIS.

The following material should have the appropriate designs:

- World Championship Bulletin
- World Championship Programme
- World Championship Media Guide
- World Championship Guide
- Posters
- Stickers
- Pins
- Start, current standings, results lists
- Analysis Lists
- Accreditation
- World Championship Trophies/ World Championship documents of the OC
- Information boards
- Vehicle sign writing
