##### 4.1.2.5 *Level 5 competitions Scale 260 to scale 50*

FIS International competitions, Youth Olympic Winter Games and Asian Winter Games are considered level 5 competitions.

Please be aware that only eligible athletes can participate in Asian Winter Games.

##### 4.1.2.6 *Selection of the scale for level 2, level 3, 3a, 3b, level 4 and level 5 competitions*

- The calculation for the FIS point level of an international competition is based on the average (arithmetic mean) of the FIS points of the 5 competitors ranked highest on the current FIS Points List who have started in the competition. (Decimal values are always rounded up to a whole number: e.g. 380.4 = 381 points.)  
At an international Freestyle Skiing competition, FIS points will be awarded if 5 competitors with or without FIS points have started and at least 3 have finished.
- If only 3 or 4 competitors have finished the competition, the sum of their FIS Points is still divided by 5 to obtain the FIS Point level for the competition. After the calculation of the average points, one of the scales which are listed under item 4.1.1 is selected.

- To choose the best possible scale, the average point value must be equal to or higher than the corresponding entry point.

Average points	Entry points	Applied Scales	Race levels
230	211	220	2,3,4
231	231	240	2,3,4
310	306	320	2,3
400*	381	260 (360) level 4 (3) races cannot be better than 260 (360) points	4 (3)

\* FIS International competitions or FIS National Championships.

## 4.2 FIS Points Calculation Process

### 4.2.1 Base FIS Points List (BL)

The Base FIS Points List (BL) will be published before the end June.

4.2.2 The average of the best two results in each event during the past season will be used for the calculation of the BL.

4.2.2.1 For competitors with approved Injury Status (see 4.2.7), 4.2.3 applies, otherwise, see 4.2.2.2 and 4.2.2.3.

4.2.2.2 If a competitor has obtained only one result per event during the past season, 40% will be deducted from that result or from the points of the previous BL whichever is better.

4.2.2.3 If a competitor has not obtained results during the past season, 80% will be deducted from the points of the previous BL.

### 4.2.3 *Injured athletes*

If Injury Status (see 4.2.7) is approved 10% will be deducted from the competitor's BL points if the current points are not better than the protected points.

### 4.2.4 *Normal FIS Points list (NL)*

The FIS Points list number one will be published 1<sup>st</sup> July based on the BL.

4.2.4.1 The competitor's NL points will be the average of their best two results in each event during the current season or the BL points, whichever is better. If the competitor has only one result during the current season, see 4.2.5 and 4.2.6.

### 4.2.5 *Only one result and no BL points*

If a competitor has only one result in the current season, the FIS points will be that result minus 40%.

#### 4.2.6 *Only one result and BL points*

If a competitor has only one result in the current season but has BL points then the FIS points will be that result minus 40% or the BL points whichever is better.

#### 4.2.7 *Injury Status – Registration*

FIS Points can be protected according to 4.2.3 if a competitor is injured. The National Ski Association must apply to FIS no later than 30<sup>th</sup> April for approval, by submission of the official form and a medical certificate. The Injury Status, official form and medical certificate are valid only for one season. If the athlete is still injured, a new injury form and medical certificate must be sent to the FIS office no later than 30<sup>th</sup> April. This is not valid for the World Cup Standing Injury Status.

##### 4.2.7.1 Conditions

At least 90 days must have passed between the time of the injury and the competitor's first start.

During the valid season a competitor can have no more than 6 starts while retaining the right to apply for Injury Status in respect of the following season.

Competitors must remain registered as active with FIS to maintain Injury Status.

#### 4.2.8 **Professional Obligations or Military Service**

4.2.8.1 If a National Ski Association submits an application for a "study or military status" certifying that a competitor will not be able to compete because of professional obligations (studies) or military service, and has indicated why and how long the competitor was prevented from competing, the procedure will be handled according to art 4.2.7.

##### 4.2.8.2 *Applications*

Applications for status due to professional obligations or military service must be submitted to the FIS Office prior to the beginning of the professional obligations.

#### 4.3 **Anti-Doping Rule Violation**

A competitor subject to an anti-doping rule violation will have previously achieved FIS points deleted according to article 10.1.2 FIS Anti Doping Rules.

### 5. **The FIS Points lists**

5.1.1 FSFPxxx.zip is the file that is compatible with the FIS points list program (the "xxx" is always the number of the list and season - for example 1<sup>st</sup> List 2019/2020=FSFP119F.zip = full list or FSFP120P = only updated

information since last list). The file FSFPxxxP.zip is the same, but smaller and only with the modifications.

If still tied, both competitors shall receive the same place in the FIS points list.
