5. Design of the television coverage

The design is to be agreed between the host broadcaster and the data partner on the one side and the Organising Committee and the FIS on the other side.

Both the official JWSC/U23 WSC CC logo as well as the official FIS logo are to be considered in the television opening credits, closing credits, results lists etc.

This is valid especially for the following television on screen injections:

- TV opening credits for all live coverage
- TV closing credits for all live coverage
- TV opening credits for all recorded coverage
- TV closing credits for all recorded coverage
- TV start list
- TV current standings
- TV results lists
- TV medal review
- TV introduction of the World Championship region
- TV identification

6. Advertising and information material

On all advertising and information material both the FIS Nordic Junior World Ski Championships/U23 WSC CC logo and FIS logo are to be attractively incorporated.

7. Printed advertising

In principle the FIS logo should be on the title side positioned upper right, or in a tighter form with the Junior World Championship logo.

The basic concept and the design concept are to be agreed between the Organising Committee and the FIS.

The following material should have the appropriate designs:

- Junior World Championship Bulletin
- Junior World Championship Programme
- Junior World Championship Media Guide
- Junior World Championship Guide
- Posters
- Stickers
- Pins
- Start, current standings, results lists
- Analysis Lists
- Accreditation
- Junior World Championship Trophies/ Junior World Championship documents of the OC
- Information boards
- Vehicle sign writing

One trophy will be awarded each at the Nordic and Alpine Junior World Ski Championships. National Ski Associations that take part in all three Nordic disciplines (Ski Jumping, Nordic Combined and Cross-Country) will be included in the calculation of the Marc Hodler Trophy

Calculation Principles

1. Calculation per Competition

Nations are awarded points according to the competitor's position in the individual races and team placing in the team events.

If more than two competitors in the individual competitions from one nation are placed in top 10, only the best two competitors from one nation are calculated for the nations scoring, all others are skipped and not replaced (e.g. GER 1st, 10 pts, POL 2nd/9 pts, GER 3rd/8 pts, SUI 4th/7pts, GER 5th/0 pts, CZE 6th/5 pts, GER 7th/0 pts, AUT 6th/3 pts etc.).

In case of a tie between two or more competitors, each nation receives the points for the placing. Example: two-way tie for 1st place, both nations get 10 points; the next competitor gets 8 points for the 3rd place.

2. Calculation per Discipline

Within each discipline (SJ, NC and CC) a ranking is established, which is calculated based on the outcome of the ranking established according to art. 3.a) (the top 10 nations get 10 - 1 points, the best nation gets 10 points, second best 9 points, etc.).

3. Overall Calculation

The "discipline points" are added together and the winning nation is the one with the highest total points from all three disciplines combined. The maximum number of points possible is 30 points: 10 for CC, 10 for SJ and 10 for NC).

If two or more nations score the same number of points in the final calculation, the nations are ranked based on the following criteria:

- a) the highest number of individual Junior World Ski Championships wins
- b) the best results (i.e. most 2nd places, most 3rd places, etc.)
