8.1.3 Assignment of Bibs for Ski Cross

Bibs are assigned at the beginning of the competition, to the entered competitors, based on the present Ski Cross FIS World Cup standings. At the beginning of the season, this is based on last season’s standings.

The competitors keep their assigned bibs, for all inspection and training sessions and until the end of the Qualification / Time Trial.

8.2 Ski Cross Draw / Dual Moguls Draw

A seeding list will be determined based upon the competitors that are entered into the competition.

All of the competitors entered will be ordered according to their highest rank on either the World Cup Starting List (WCSL), the World Cup Standings or FIS Points.

The best of these 3 rankings will be used to seed the competitors for the qualifications.

If there is a tie in any of the rankings, then the next best ranking is used to break the tie. If they are still tied the order is determined by a random draw. For Ski Cross, the best 16 competitors will be determined and randomly sorted. The remaining competitors will be ranked according to the seeding list of the competition.

8.3 Start Order Draw

Each event shall have a separate start order. The start order for each event is a separate draw. This draw is used for the Qualification event. The Finals generally consist of:

Type of Competition	Moguls W/M	Aerials W/M	Ski Cross W/M	Halfpipe/Slopestyle/BA W/M
FIS World Cup	12-16/12-16	10/10	16-32/16-32	10-12/10-16
FIS World Cup Final	12-16/12-16	10/10	16-32/16-32	8-12 /8-16

 - In the Qualifications if the top 30 competitors (Moguls, Aerials, Ski Halfpipe and Ski Slopestyle) and 35 competitors (Ski Cross) have completed their runs the results are valid.
 - Otherwise, the results prior to the interruption will be cancelled except if the Qualifications or some phases or rounds of the finals have been fully completed.
 - In that case, only the uncompleted Finals phases will be postponed but must be completed on the same competition site.
 - If the Finals cannot be fully completed, the results of the Qualifications or different phases of the Final will be valid.

A decreasing number of competitors will proceed into the next rounds and phases. If the second phase cannot be completed then the results from the first phase will be valid.

11.3.4 The Nations Cup FIS Freestyle Ski World Cup

A Nations Cup or Nations FIS Freestyle Ski World Cup will be calculated from all FIS Freestyle Ski World Cup results, from each competition and each event. This will be done by adding the points of the top 2 (two) male and top 2 (two) female competitors of each nation in each event (Aerials, Moguls, Ski Cross, Ski Halfpipe, Ski Slopestyle and Ski Big Air) from each competition of the season.

There will be 7 (seven) Nations Cups awarded. 11.4 Tie-Breaking for FIS Freestyle Ski World Cup

11.4.1 Competitions and the FIS Freestyle Ski World Cup

A total of points from all competitions will be made. The competitors with the highest total will win the tie. If still tied, the competitor with the greatest number of highest places is the winner. If still tied, the competitors stay tied. Places which earned FIS Freestyle Ski World Cup points only will be used.

11.4.2 Nations FIS Freestyle Ski World Cup

The nation with the highest number of first places is the winner. If still tied, the nation with the greatest number of highest places is the winner.

11.4.3 Extent of Tie-Breaking

All ties shall be broken, if possible.

11.5 FIS Freestyle Ski World Cup Starting List (WCSL)

11.5.1 The World Cup Starting List (WCSL) is a ranking list based upon a competitor's past season World Cup points, as a Base, with those points being progressively deducted from the Base during the current season and replaced with the present season's World Cup points.

11.5.2 Addition

After each FIS World Cup competition, the World Cup Points gained in that competition will be added to the competitor's total for the current season.

- 11.5.3 Deduction**
After each FIS World Cup competition, a proportion of the competitor's World Cup Points from the previous season (see art. 11.5.4) will be deducted from the competitor's total for the current season.
- 11.5.4 Calculation of Deleted Points**
The points that will be deleted after each competition are calculated as follows.
The sum of the WCSL points of the past season in the respective event will be divided by the number of World Cup competitions scheduled to be carried out in the respective event during the current season. The result of this calculation will be deducted from the competitor's WCSL total after each competition. If a cancelled competition will not be rescheduled the deletion will be done after the last competition of the season in the respective event.
- 11.5.5 WCSL Points of the Previous Season**
In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 11.5.4 of the FIS World Cup rules, in order to keep the WCSL current.
- If a cancelled competition cannot be rescheduled, the deduction (see art. 11.5.3) for that competition will be done after the end of the season. Therefore, the WCSL points and the WC points will be equal.
- 11.6 Status of Injured Persons**
- 11.6.1 WCSL Points of the Previous Season**
In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 11.5.3 of the FIS World Cup rules, in order to keep the WCSL current.
- 11.6.2 Application for Status as Injured**
If due to injury a competitor has started not more than four (4) times per event, during the period from October 15th to April 15th, the National Ski Association may apply for the approval of a status as injured in the WCSL for the upcoming season provided that such application is made no later than April 30th.
If the status as injured is approved according to the World Cup rules, the competitor will be enrolled in the WCSL of the respective event(s) for the coming season.
- 11.7 Reclassification**
Approved injured competitors will be reclassified, before the beginning of the next season. This will be done in order to adjust the new season's WCSL list.
- 11.7.1 No start or a Maximum of 1 WCSL Start per Event**
If a competitor starts at a maximum of one WCSL competition of the event concerned in the season, their penalty is calculated according to the competitor's rank before the beginning of that season.
- 11.7.2 Participation**
If a competitor has participated in at least two WCSL competitions in the event(s) concerned during the season:
- the penalty is calculated according to the competitor's WCSL rank at the moment of the injury (irrespective of the event).

- In case of participation at a WCSL event after the injury, the penalty is calculated according to the competitor's WCSL rank at the moment of his last WCSL participation (irrespective of the event).

11.7.3 Retired Competitors

Retired competitors are automatically deleted from the WCSL at latest after 1 season without participation in FIS events.

11.8 Scale for penalties according to ranks

The Basic Quota and the Additional Quota spots are then added together and this total cannot be greater than the maximum gender size.

14.2 Number of Quota Calculations

There will be two quota calculations. The first calculation is based upon the new Base list. The second calculation is done beginning of January. For the second Quota Calculation, the quotas may increase but will not decrease.

From each Continental Cup Standings, the highest ranked competitor (per gender and within their event) from the host Continent will be provided an additional personal quota spot that can be entered into the FIS World Cup. These competitors will be the previous season winners (northern hemisphere) and the current season leader (southern hemisphere) according to the respective Continental Cup Ski Cross, Moguls and Aerials standings.

14.8.2 Training Quota – Double Competition at same Location

If there are two competitions scheduled at one location then each Team may enter one (1) additional competitor per gender for training.

14.8.3 Freeski World Cup Quotas (HP, BA, SS)

Slopestyle & Big Air World Cup events will have a maximum field size of **30 women** and **60 men**.

City Big Air World Cup events will have a maximum field size of 30 women and 50 men. Halfpipe can have a maximum field size of 110 competitors with 60 men and 50 women. For BA and HP the unused spots from one gender can be transferred to the other gender.

Quota spot allocation system:

Maximum team size per nation (10 total with max 6 women / 6 men) plus personal spots and host nation quota.

- Basic Nation Quota		1 woman / 1 man
- Elite Nation Quota****	Top	8 women / 10 men
- Host Nation Quota		3 women / 5 men
- Personal Spot WJC		1 woman / 1 man*
- Personal Spot WRT Finals (HP, SS/BA)		1 woman / 1 man*
- Personal Spot per Continental Cup** (5) (HP, SS/BA)		1 woman / 1 man
- Pre-qualification Competition Spot (from a designated CoC/ FIS competition)***		1 woman / 2 men
- Personal spot for the World Cup winner from the previous Season in the respective event. Personal spots earned in BA or SS count for SS and BA		1 women / 1 man

All the above spots are to be considered in addition to the maximum team size per nation (10 total with max 6 women / 6 men) and all personal spots in BA and SS will count for both BA and SS. HP spots are only for HP.

- Additional nation spots earned with competitors as below listed on the FIS base points list as long as the number of quotas stay within the maximum team size above mentioned:
- 1 additional spot with 2 competitors ranked between 9-20th women or 11 and 25th men
- 2 additional spots with 3 or more competitors ranked between 9-20th women or 11 and 25th men.

All the above spots will be granted if the entries are done within the 40 days deadline even if they reach or go over the maximum field sizes allowed.

- Ranking list spots: Additional Spots are awarded (with a limitation of 2 per Nation/gender in SS/BA and 3 in HP) according to the following allocation system:

Allocation system to fill in the additional Ranking list spots: The Competition Invitation will be available 3 months prior to the first competition day. 40 days prior (23:00 CET) to the 1st competition day, FIS will produce a ranked list of the entered competitors. This list will indicate Basic Quota, Additional Quota, Host Nation Quota, Prequalification Competition Spots and Personal Spots. Competitors will be ranked

according to the current respective FIS points list. For BA, competitors will be ranked according to their highest rank between SS and BA. Ties will be broken by BA rank.

The remaining empty spots to reach the maximum number of competitors will be taken from the ranked list of entered competitors.

If entries do not reach the allowed maximum field sizes per event according to the above quota description then nations will be able to enter competitors over quota in order to reach such numbers. Host nation will be granted 4 additional spots before considering competitors from other nations. Competitors need to meet the minimum criteria to start in a World Cup. Points level can be lowered if needed to allow competitors to enter.

If there are more competitors entered than the maximum field size allowed then competitors whom meet the WC participation criteria's will be ranked according to their current ranking on the WSPL (or FIS base points list in case the WSPL ceases to exist) at the 40 day entry deadline and those whom are within the maximum field sizes will be able to compete.

Confirmation of Spots

Competitors that fill in the additional spots will be confirmed to the NSAs via the email listed on the official entry 38 days prior to the 1st training day. NSAs should communicate to FIS, 20 days prior to the first training day if any competitor will not be able to participate. This will allow for reallocating the unused spots.

The respective nations are allowed to replace competitors as long as they are ranked higher than the highest ranked competitor on the waiting list.

Reallocation of Spots

Within the 15 days prior to the competition, remaining available spots will be reallocated to the next highest ranked competitors on the entry list. Once the fields are allocated and confirmed the next 3 men and 2 women on the ranked list of competitors will be added to those permitted to train and forerun. If there are withdrawals prior to the draw, these competitors will be allowed to fill in the unused spots and start in the competition.

Basic Quota Calculation (BQ)

Each National Ski Association affiliated with the FIS may earn one (1) basic quota place per gender based upon having (in the current FIS point list):

- 50 FIS points in Slopestyle
- 10 FIS points in Halfpipe
- 50 FIS Points in Big Air or Slopestyle whichever is higher for Big Air.

The minimum participation standards to enter a WC are:

- 25 FIS points in Slopestyle
- 10 FIS points in Halfpipe
- 25 FIS Points in Big Air or Slopestyle whichever is higher for Big Air.

* The WJC and WRT Finals in SS or BA awards a personal spot. If the same competitor wins both SS and BA then the second rank in SS will get a personal spot for both SS and BA (the same consideration will not apply to BA in reverse). If the WJC and WRT are organized and run as the same event then only the winner (1st) will get a spot.

** There is only 1 personal spot from the host continent for each CoC. The combined SS and BA personal spot is defined per Continental Cup. Europa Cup personal spots are earned through a combined ranking from the SS and BA CoC series counting the best 4 SS and 2 BA results. For HP it will be winner of the CoC.

For the 2019/2020 season the 2018/2019 rules will be applied for the NorAm and EC: 1 Continental Cup personal spot is earned by the highest ranked competitor from the host continent.

*** The Pre-qualification competition is designated by the World Cup organiser and must have been completed within the preceding 12 months. Such designation needs to be added in the invitation of the WC.

**** Elite Nation Quota and Additional Nation Quota will be calculated using the Base FIS Points list for the current season. All competitors in the above numbers will generate a nation spot even if more than the maximum team size and gender size as above described.

14.10 Team Competition

The basic quota is (one) 1 team per nation.

The host nation can have (one) 1 additional host nation team quota.
