

## FIS Rule Precisions specific to the FIS Freestyle Ski / Freeski and Snowboard WSC 2021 in ZHANGJIAKOU Shijingshan (CHN)

### 1. Number of Participants

Freestyle Skiing and Freeski events:

Maximum 36 participants with a maximum of 20 competitors of either gender plus the competitors according to art. 9.3.

Snowboard events:

Maximum 36 participants with a maximum of 20 competitors of either gender plus the competitors according to art. 9.3.

### 2. Qualification Standards and Calculation

For the combined Freestyle Skiing, Freeski and Snowboard World Championships following additional regulations will apply:

Basic Qualification (BQ) and Additional Qualification (AQ): one competitor can be entered with a minimum of 5 FIS points in PAR, HP, MO, DM, AE, 50 FIS Points in SX, SBX.

Additional Qualification (AQ): additional competitors need to have the minimum FIS point level as listed in the table below.

Table of qualification standards by event

Standards / Requirements	PAR	Cross/Team	HP/HP	MO/DM	AE/AET
Basic Qualification points level	5	50	5	5	5
Additional Qualification points level	50	50	50	25	25

### 3. Slopestyle and Big Air Freeski and Snowboard Quota Allocation procedure and Minimum Standards:

Snowboard and Freeski Slopestyle and Snowboard Big Air are counted as one (1) event in the respective discipline. Only one (1) quota place for one (1) athlete will be allocated for both events in the respective discipline.

Quota places per National Association (NSA) with athletes that are eligible will be allocated to a maximum number of participants of 60 men and 30 women for Freeski and 60 men and 30 women for Snowboard using the 3<sup>rd</sup> FIS points lists "Slopestyle" (valid for: Freeski 20.10.2020 – 17.11.2020; Snowboard 16. 10. 2020 – 18. 11. 2020).

The women's and men's quota allocation will be made by assigning at first one quota spot per nation that fulfills the basic quota requirement as per the table below. The remaining NSA nation spots for women and men will be allocated by assigning one quota place per competitor from the above mentioned FIS Slopestyle points lists in the respective discipline (following the ranks from top down) up to a maximum of 4 per gender per nation.

Once a NSA has achieved the maximum number of four (4) places per discipline and gender its remaining athletes will no longer be counted and the next eligible NSA on the FIS Slopestyle points Lists in the respective discipline will be allocated a place.

If there is a tie for the final allocated quota place(s) on either the male or female FIS Slopestyle points Lists in the respective discipline, the athlete with the highest position between the tied athlete on the respective discipline 3<sup>rd</sup> FIS points list published will be ranked ahead. If the athletes are still tied with points and rank, then the tie will be broken through the previous most recent FIS points lists in the respective discipline to determine the better ranked athlete.

The FIS Slopestyle points lists in the respective discipline used for quota allocation will be communicated to the NSAs on the 22<sup>nd</sup> October. Nations are required to confirm or dismiss their allocated quota spots by the 27<sup>th</sup> November.

Quota places dismissed by the NSA at any given point until latest 10 days prior to the 1st competition day will be reallocated to the next eligible NSA on the ranking list as described above. If an NSA does not dismiss a quota place but thereafter does not enter or participate with an athlete at the Championships, the NSA will be sanctioned on site.

In case an NSA is allocated quotas in the individual events that total more than the maximum of 36 athletes, the NSA may only select a maximum of 36 (maximum 20 per gender) athletes across the Snowboard events and 36 (maximum 20 per gender) in the Freestyle / Freeski events on 26th January 2021.

Standards/ Requirements	Freeski Women	Freeski Men	Snowboard Women	Snowboard Men
Basic Qualification points level	50	30	70	50
Additional Qualification points	50	30	70	50
