The importance of a competition is determined by the quality of the competitors participating. This quality affects the calculation of the race penalty.

The race points gained in the competition and calculated according to the formula, plus the calculated race penalty will give each classified competitor the FIS points of the competition.

For further explanations please see the rules, art. 5.3 as well as 1a/1b.

### 1.5 **Entry for Competition Participation**

All entries for the participation in international competitions must be made on the official entry form (ICR article 215). Please see illustration 1c.

The competitors FIS code number has to be specified. Otherwise the entry is not valid.

### 1.6 **FIS Codes on result lists**

The TD's are responsible that every result list contains all competitors including their FIS Codes! Competitors without a valid FIS Code are not allowed to start at the competition! Lists with missing FIS Codes cannot be accepted.

2.1.3 At least five competitors have to be classified.

2.1.4 No bonus seconds are included in any result.

2.1.5 All FIS competitions should be carried out on FIS homologated courses (ICR art. 311.2.1 and Rules for FIS calendar fees).

All ranked athletes with active FIS Code will be taken into consideration for the FIS points calculation.

### **2.2 Schedule Changes, Moving Site Location and Cancellation**

as well as to the National Ski Federations and to the Technical Delegate (TD) assigned to the competition. In special case if the competition will be carried out on a non-homologated substitute course, the Technical Delegate (TD) has to confirm the norms of the course according to ICR article 311.

If for any reason a FIS World Cup, WSC or OWG competition cannot be held on the planned homologated course and must be

held on an alternate course approved by the jury, the competition will be considered as valid for FIS points evaluation.

### **2.3 Junior competitions**

Senior competitors are not allowed to participate at junior competitions which are included in the FIS Calendar. It is possible to combine age categories (Art. 3.3)

### **2.4 Stage events (three competitions and more)**

Only the real race time of the competitors will be accepted for FIS point calculation. In case of a pursuit start, the FIS points will be calculated on fastest time on this competition for those specific kilometres. The result list must be published day by day and competition by competition using the correct factor. The overall result on a stage event will not be calculated for FIS point list.

### **2.5 Pursuit race**

The FIS points will be distributed in the first part of the Pursuit race as well as in the second part of the Pursuit race. For the second race, the FIS points will be calculated on fastest time on this competition for those specific kilometres. There are two race codex, one for the first day and the other one for the total result of both days together.

## **3. The Competitors**

### **3.1 FIS Code Number**

Only competitors (Women and Men) with an active FIS Code are allowed to participate at FIS competitions.

The FIS code numbers can be ordered at the National Ski Associations.

Competitors are registered by using the FOU System on the FIS website via the Member Section. <http://www.fis-ski.com/>

The Login and password can be received by the respective discipline administrators.

Entries are controlled by the Organiser and the FIS Technical Delegate.

### 3.3 **Age Categories**

- 3.6 Pregnancy**  
The date for the request of an injury status for pregnancy is the 12<sup>th</sup> week of pregnancy. The pregnancy status starts in the 4<sup>th</sup> month of pregnancy until the birth of the child. The expected date of birth of the child must be written in the medical certificate. After birth of the child the pregnancy status is still valid maximum 9 months. Then it expires if the National Ski Association does not apply in writing to FIS for prolongation of the pregnancy status mentioning the exact medical reason.
- 3.7 Professional Obligations or Military Service**  
If a National Ski Association submits in advance an application for a “study or military status” certifying that a racer will not be able to compete due to professional obligations (studies) or military service and has indicated why and how long the competitor was prevented from racing, the procedure will be handled according art. 3.5.

- 5. Calculation Process**
- 5.1 Race Points**
- 5.1.1 The race points will be calculated by computer (see enclosure 1a). They shall be rounded down from four thousandths of a point downwards and rounded up from five thousandths of a point upward (e.g. 23.654 = 23.65 or 23.849 = 23.85).
- 5.2 FIS Points**
- 5.2.1 Distance (longer than Sprint)  
A competitor's points will be the average of his or her best five results in distance competitions over the period of the last twelve months.

A competitor's points will be the average of his or her best five results in sprint competitions over the period of the last twelve months.

5.2.3 Less than 5 results  
A competitor's Sprint FIS points and Distance FIS points represent the average of the best 5 valid results for each format. If the competitor has less than 5 valid results the average will be adjusted according to the following table, but with a minimum of 4 FIS points:

$\emptyset$ best 4 results x 1.1 = FIS points
$\emptyset$ best 3 results x 1.2 = FIS points
$\emptyset$ best 2 results x 1.3 = FIS points
only 1 result x 1.4 = FIS points

### 5.3 Calculating Penalties

The points shall be rounded down from four thousandths of a point downwards and rounded up from five thousandths of a point upward (e.g. 13.654 = 13.65 or 21.849 = 21.85).

5.3.1.3 If there are less than three competitors with FIS points among the first five of the result list or if a competitor is not included in the actual FIS points list or if points are above the maximum value stated below, the competitors will receive following maximum value:

- 176 for competitions with Interval start
- 264 for Sprints and Pursuit competitions
- 308 for Competitions with Mass start and Skiathlon
- 528 for Roller Skiing and FIS long distance popular competitions (according art. 2.1.8)
