- 1.1.2 The application has to be made two years in advance and on the official FIS entry form. The application form must show the expiration date of the hill and course certificate.
- 1.1.3 The last WCNC-M event in this competition season is the WCNC-M final. In connection with the WCNC-M final the overall WCNC-M prize-giving ceremony will take place.

1.2 Appointment of the WCNC-M Events

- 1.2.1 The Nordic Combined Committee examines:
- the suitability of the hill and course in question for WCNC-competitions by means of the valid certificate
 - the suitability of the organisers in question for WCNC-M-competitions by means of a selection criteria which includes, among other things, the guaranteed availability of an international TV-signal – suitable for live transmissions - for the entire duration of the competition.
- 1.2.2 According to the result of this evaluation and the proposed dates the Nordic Combined Committee establishes a provisional WCNC-M competition schedule for the upcoming five years. The final WCNC-M competition calendar for the current season requires the approval of the FIS Council.

1.3 Date Protection

- 1.3.1 Only one WCNC-M event can take place on the same date.
- 1.3.2 The International Championships (OWG + WSC) are protected as to their date which means that no WCNC-M competitions can take place.

- 3.1.3 **World Cup Standing**
The WCNC-M points of all individual competitions of the current season will be counted for the WCNC-M overall standings.
In case of an equality of points in the WCNC-M standing the better ranking order of the different competitions will be used to decide the ranking. If the competitors are still equal, the starting order will be drawn.
- 3.1.4 The current leader of the WCNC-M overall evaluation receives the "WCNC-M yellow Leader bib", which he is allowed to keep. The "WCNC-M Leader bib" has to be worn by the leader at the WCNC-M event, at the official winner's ceremony and at all official Ski Jumping trainings.
- 3.1.5 "Best jumper's bib" (blue) and "best Cross-Country skiers' bib" (red) will be distributed to each of the current leading athletes each weekend. The "best jumper/skier bib" has to be worn by the leaders at the WCNC-M event and at the official winner's ceremony.
The basis for calculation is the World Cup Men scoring list, see art 3.1. If there is an equal score in the daily result, each competitor will receive the points assigned to the rank and the following rank will be skipped.

3.2 Team Competitions

3.2.1 Team Competition / Mixed team Competition (aliquot per gender)

1 st place = 400 points	5 th place = 200 points

3.2.3 In case of equality of points of teams, each team obtains the points corresponding to the rank. The following place is omitted.

3.2.4 At least eight (8) National Ski Associations must participate if a WCNC-M Team Competition is to count for the WCNC-M Nations Cup.

3.2.5 Starting order in Team Competition/Team Sprint
The starting order will be based on the reverse order of the actual World Cup Nations standings.

3.2.6 WCNC-M Nations Cup

The sum of the points of all competitors from one nation of all WCNC-M competitions of the current season – including the points of the Team Competition/Team Sprint (one per nation) and share of the Mixed Team Competition – will be taken into consideration for the WCNC evaluation per nation.

In case of an equality of points in the WCNC-M nation's evaluation, the better ranking order of the different competitions (Individual as well as Team competitions) will decide.

4. WCNC-M Competitions

4.1 Number of Participants for the National Ski Associations

The number of participants will be calculated periodically according to:

- the World Ranking List (see art. 4.1.1)
- the standings of the actual COCNC-M period

The basis for the calculation is:

- the top 55 competitors in the World Ranking List Men (with a maximum of six (6) athletes per nation)
- the top three (3) of the COCNC-M period.

However, a nations quota is limited to a maximum of eleven (11) athletes per nation. This includes the basic quota 6+1, the additional quota per name from art. 2.2 c) and the national quota for the host nation.

- Apart from the nations quota (according to the ranking list), each nation which has gained at least one (1) individual or team competition point during the past or the current competition season shall have a basic quota of one plus two (1+2) for a maximum of 2 x 4 periods.

4.1.1 **FIS World Ranking List**

The quota calculation as well as the payment of the travel expenses will be done according to the World Ranking List which is established according to the following criteria:

- The points system is the same as for the World Cup ranking (1st rank 100 points, 30th rank 1 point).
- The competition results of the 4 periods of the past World Cup season will gradually be replaced by the competition results of the 4 periods of the current World Cup season.
- This updating procedure is repeated after each of the periods, so that the 4 most current periods are used to calculate the World Ranking List.
- The 55 best competitors of this World Ranking List will be taken into consideration for the quota.
- The nation's quota is valid for the entire period that follows and is not affected by actual competition results.

4.1.2 **Division into periods**

The FIS WCNC calendar **2020-2021** is divided into the following four (4) periods:

1 st period:	25.11.2020 - 20.12.2020	(Ruka – Ramsau am Dachstein)
2 nd period:	31.12.2020 - 24.01.2021	(Otepää – Lahti)
3 rd period:	27.01.2021 – 07.03.2021	(Seefeld – Beijing)
4 th period:	10.03.2021 - 21.03.2021	(Oslo – Schonach)

4.1.3. **Starting quota in the official training and the competition round**

Each National Ski Association is allowed to enter the number of athletes according to their nations quota, but no more than eleven (11) as a maximum.

Nations with quota one, two and three are allowed to enter one (1) athlete in addition.

Nations without a quota at all or with a basis quota (see art. 4.1) are allowed to enter up to two (2) athletes as a maximum.

The National Ski Association of the organising country has the right to enter an additional National Group (group I) up to a maximum of four (4) athletes for the official training, the PCR/QR and the competition round.

However, if an event program includes a team competition or team sprint, the participating nations with quota less than four are allowed to enter up to a number of four (4) athletes as a maximum for the individual competition as well, as long as the conditions according to art. 2.2 are kept.

Each nation can start with one (1) team in team competition and with a maximum of two (2) teams in team sprint competitions.

The maximum starting quota of each National Ski Association is eleven (11) athletes for the official training and the provisional competition/qualification round

If it is planned to carry out more than four (4) WCNC-M in one country, the hosting National Ski Association is only entitled to enter a National Group in a maximum of four (4) competitions.

4.2 Competition Modes and Starting Order

4.2.1 WCNC-M Competitions

As a rule, a Nordic Combined competition consists of:

- the official training
- the Provisional Competition/Qualification Round (PCR/QR) Ski Jumping
- the trial round Ski Jumping
- one or two competition round Ski Jumping and
- one 5 km race Cross Country
- one 10 km race Cross-Country
- one 15 km race Cross-Country (Ind. Gundersen final and NCT)
- one 4 x 5 km / 2 x 5 km race Cross-Country (Team / Mixed Team Competition)
or
- one 2 x 7.5 km race Cross-Country (Team Sprint)

4.2.1.1 For the official training Ski Jumping, the trial, the Provisional Competition/Qualification Round and the competition round the number of competitors will be divided into three groups.

The number sequence of the groups is as follows:

- Group I athletes of the organising country
- Group II athletes without WCNC-M points
- Group III athletes with WCNC-M points

4.2.1.2 The starting order within the group will be determined as follows:

- Group I: draw or seeding through the organizing country
- Group II: draw
- Group III: reverse order of the actual WC-NC-M standings. For the first WCNC-M competition of the season, the final WCNC standings of the past season is decisive. As soon as athletes appear in the World Cup Men Standings, they are seeded in group III according to their ranking.

After the formation of the seeded Group I and II, the Jury can make the draw before the official training

In case of only one official training for two competitions carried out on the same hill (Individual and Team Competitions or two Individual Competitions), only the single quota is allowed to start. The competition schedule has to be published together with the invitation for the competition.

Changes can be made by the Jury in case of a "force majeure".

4.2.1.3 Trial round

A trial round must be carried out before the Provisional Competition Round/competition round (exception see ICR art. 525.1.1)

4.2.1.4 Provisional Competition Round (PCR) including Qualification (PCR/QR)

The Provisional Competition Round will be carried out according to the regulations for a competition round. The scores can be used as a result for the start of the CC race only if the actual competition round Ski Jumping cannot be carried out. This score can be used only one time as a maximum for a weekend. The PCR/QR (Provisional Competition/Qualification Round) reduces the number of participants to 50 for the Individual competitions on a weekend. The present top 10 athletes of the actual World Cup standings are prequalified.

If there is a second Individual Gundersen competition on a weekend the trial round will be counted as a qualification. The present top 10 athletes of the actual WCNC standings are prequalified. This qualification can't be used as a PCR result. If the PCR will be used all athletes starting in the PCR can start at the Cross-Country race.

The total score counts for the PCR result. A competitor, who has reached 95 % of the maximum length of the longest jump but has a fall, has the right to participate in the competition in addition to the 50 athletes (if wind/gate compensation is used, the compensated distance is the basis).

4.2.1.5 **Season Finale**

If the last competition of the season is a "final with 2 jumps and 15 km race" the present top 30 athletes of the actual World Cup Men overall standings are qualified for the event.

4.2.1.6 For the second competitive round (final), they start with the same start number but in reverse order of the collective points score from the first competitive round.

4.2.1.7 The final round must start 15 minutes after the end of the first competition round. The jumpers who are not at the start on time are disqualified.

4.2.1.8 **Formats**

The Nordic Combined Committee is entitled to propose other formats to use in the World Cup Men series as long as the format is described in the ICR, or the WCNC-M / COCNC-M rules.

4.2.1.9 The Jury is authorized to permit competitors who are not qualified to serve as fore jumpers for the competition, if necessary. The respective athletes need to be qualified according to FIS and NSA rules and regulations

4.3 **Nordic Combined Triple**

- Day 1 1 jump 5 km Individual Gundersen
- Day 2 1 jump 10 km Individual Gundersen
- Day 3 1 jumps 15 km Individual Gundersen

- All athletes start on Day 1
- The top 50 athletes from Day 1 competition start on Day 2.
- The top 40 overall athletes of the Nordic Combined Triple start on Day 3.

The athletes will take the results from each day to the next day, and the first athlete crossing the finish line on Day 3 wins the Nordic Combined Triple.

If only two events can be carried out the winner of the 2nd competition wins the Nordic Combined Triple. He will then receive the Prize Money according to item 4.3.6. and WC points according art. 4.3.4.

4.3.1 **Nordic Combined Triple: Competition realisation**

4.3.1.1 Ski Jumping: See ICR art 525.1.1

Addition: The result from the 1st competition is the basic for the start list of the 2nd Ski Jumping competition. The winner of the 1st competition will start in the Ski Jumping competition as the last starter with no disadvantage.

All other athletes are calculated behind with the residue from the previous competition.

E.g. second placed athlete ends 8 seconds behind the winner, he will start with

-2 points in the Ski Jumping competition.

1 point = 4 seconds

15 points = 1 minute

4.3.1.2 Cross-Country race: See ICR art 525.2.1

4.3.2 PCR in Nordic Combined Triple

The PCR will be carried out the day before the 1st competition. This PCR can be used 1 time during the NCT.

If the PCR is used on the Day 1, the trial round on Day 2 will count as a PCR and can be used on Day 2 or 3 if needed.
