2.3.3 Quota Spot Allocation System:

All World Cup quotas are allocated in the following order:

Host Nation Quota: **3 women / 5 men**

Personal Quota Spots:

- | | |
|---|--------------------------|
| - World Cup winner from the previous season in the respective event. Personal spots earned in BA or SS count for Slopestyle and Big Air | 1 woman /1 man |
| - World Junior Championship* | 1 woman / 1 man |
| - World Rookie Tour Finals (SS, HP)* | 1 woman / 1 man |
| - Continental Cup (per CoC per event) | 1 woman / 1 man** |

Refer to CoC Rules.

- | | |
|--|------------------------|
| - Pre-qualification Competition Spot
(from a designated CoC/FIS competition)*** | 1 woman / 2 men |
|--|------------------------|

All the above spots are to be considered in addition to the maximum team size per nation and all personal spots in BA and SS will count for both BA and SS. HP spots are only for HP.

* The winner of the WJC and WRT Finals in SS or BA receives a personal spot. If the same competitor wins both SS and BA then the second rank in SS will get

a personal spot for both SS and BA (the same consideration will not apply to BA in reverse). If the WJC and WRT are organised and run as the same event then only the winner (1st) will get a spot.

** The Continental Cup (CoC) personal spots for HP and the personal spots for combined SS/BA ranking are received by the highest ranked competitors from the host continent that meet all eligibility criteria to start in World Cup the following season, or in case of the ANC and SAC the same calendar season. How this ranking is calculated is defined in the respective Continent Chapters in the CoC book. The personal spot winners must have the minimum points to start in WC.

***The Pre-qualification Competition is designated by the World Cup organiser and must have been completed within the preceding 12 months.

Nation Quotas are calculated using the following ranking lists:

Snowboard: earned through the WSPL rankings on the 30th May each year (If the WSPL list ceases to exist the respective FIS Points Base list will be used)

Freeski: FIS Base Points List (calculated in June of each year)

Maximum team size is 10 per nation (max 6 women / 6 men) and referring to the following quota calculation process:

Basic Nation Quota spot: **1 woman / 1 man**

Elite Quota spots: **Top 8 women / 10 men******

Additional Nation Quota spots

- 1 additional spot with 2 competitors ranked between 9-20th women or 11 and 25th men.
- 2 additional spots with 3 or more competitors ranked between 9-20th women or 11 and 25th men.

All the above spots will be granted if the entries are done within the 40 days deadline before the 1st competition day, even if they reach or go over the maximum field sizes allowed.

**** Elite nation spots are earned for Snowboard through the WSPL rankings on the 30thMay each year (If the WSPL list ceases to exist the current seasons FIS points Base list will be used) and for Freeski will be calculated using the Base FIS Points list for the current season. Elite quotas will be nation spots and will be granted even if more than the maximum team size and gender size as above described. Same exception will be used as above for the COVID 19 outbreak.

† Covid precision only for season 2021/22: if no winner was named in the 1920/21 season the personal spot will remain with the winner from the 2019/20 season through the 2021/22 season.

2.3.4 Allocation system to fill in the additional spots

Ranking list Additional Spots are awarded (with a limitation of 2 per nation in SS/BA and 3 in HP) according to the following allocation system:

The Competition Invitation will be available 3 months prior to the first competition day.

60 days prior to the 1st competition day all teams must submit entries by name through the FIS online entry system.

58 days prior, FIS will produce a ranked list of the entered competitors. This list will indicate Host Nation Quota, Prequalification Competition Spots and Personal Spots, Basic Quota, Elite spots, & Additional Quota.

Competitors will be ranked according to the current WSPL for Snowboard and the latest FIS point list for Freeski. For BA, competitors will be ranked according to their highest rank between SS and BA. Ties will be broken by BA rank.

The remaining empty spots to reach the maximum number of competitors will be taken from the ranked list of entered competitors.

If entries reach or exceed the maximum field sizes as above mentioned only competitors whom meet the minimum points criteria will be considered.

If entries don't reach the allowed maximum fields sizes per event according to the above quota description, then the competitors entered over quota and those who don't meet the minimum point criteria will be considered in order to reach such maximum numbers.

The competitors entered over quota and those who don't reach the minimum point levels required will be order as follows:

- Host nation will be granted max 4 additional spots for competitors who meet the minimum criteria;
- Riders from other nations who meet the minimum point criteria and one (1) per nation till none of such competitors are left or until the field is filled up;

If the field sizes are still not full entries made after the deadline will be added to the ranking list and ranked with the same above criteria.

Entries that are not made by the 60 day deadline will not be considered if the field size have reached the maximum size allowed.

2.3.5 Confirmation of Spots

Competitors that fill in the additional spots will be confirmed to the NSAs via the email listed on the official entry 58 days prior to the 1st competition day. NSAs should communicate to FIS as soon as possible if any competitor will not be able to participate. This will allow the reallocation of unused spots.

Nations may replace competitors as long as they are ranked higher than the highest ranked competitor on the waiting list.

2.3.6 Reallocation of Spots

Remaining available spots will be reallocated to the next highest ranked competitors on the entry list. Once the fields are allocated and confirmed the next 3 men and 2 women on the ranked list of competitors will be added to those permitted to train and forerun as a waiting list. If there are withdrawals prior to the draw, these competitors will be allowed to fill in the unused spots and start in the competition.

2.3.7 Injury status

An injured competitor within top 10 of the WC Standing of the respective event at the time of the injury (provided that at least 2 events have been conducted), who is not active anymore during the current season, will receive a personal quota spot for the entire next season. An injury status as such will only be valid for the next season and (in case of no starts) the season after and then will be not awarded again. Proper document(s) must be submitted to the FIS office according to the FIS rules.

2.4 Prize Money

The Organiser must make available at least CHF 25'000 (equivalent in Euro/US\$) per event/gender for prize money. Greater prize money is permitted, and must be equal per gender. This sum is divided between the Top 10 competitors per event/gender. The amount of prize money and its method of distribution must be communicated to FIS (Rule 1.2.10).

For WCSL Refer Chapter 6.

6th Section

6. FIS WORLD CUP STARTING LIST (WCSL)

- 6.1 The World Cup Starting List (WCSL) is a ranking list based upon a competitor's past season World Cup points, as a Base, with those points being progressively deducted from the Base during the current season and replaced with the present season's World Cup points.
- 6.2 **Addition**
After each FIS World Cup, WSC or OWG competition, the World Cup Points gained in that competition will be added to the competitor's total for the current season.
- 6.3 **Deduction**
After each FIS World Cup, FIS WSC, or OWG competition, a proportion of the competitor's World Cup Points from the previous season (see art. 6.4) will be deducted from the competitor's total for the current season. If a cancelled competition is not rescheduled, the deduction for that competition will be done after the end of the season (see also 6.4 below).
- 6.4 **Calculation of Deleted Points**
To establish the value to be deducted for every completed competition, base WCSL points of the previous season are divided by the number of FIS World Cup, WSC and OWG competitions scheduled in the respective Event for the current season. In exceptional cases, when the cancellation of multiple competitions, without rescheduling, has a significant impact on the accuracy of the WCSL, FIS can decide to reduce the number of scheduled competitions counted in this calculation accordingly. After every competition this value is multiplied by the number of FIS World Cup, FIS WSC or OWG competitions held in the respective Event, rounded to integer, and finally subtracted from the base WCSL points of the previous season.
- 6.5 **Status of Injured Persons**
- 6.5.1 **WCSL Points of the Previous Season**
In all cases the deletion of WCSL points of the previous season follows automatically during the current season according to art. 6.3 of the FIS World Cup rules, in order to keep the WCSL current.
- 6.5.2 **Application for Status as Injured**
If due to injury a competitor has started not more than 4 times per event, during the period from October 15th to April 15th, the National Ski/Snowboard Association may apply for the approval of a status as injured in the WCSL for the upcoming season provided that such application is made no later than April 30th.
If the status as injured is approved according to the World Cup rules, the competitor will be enrolled in the WCSL of the respective event(s) for the coming season.
- 6.6 **Reclassification**
Approved injured competitors will be reclassified, before the beginning of the next season. This will be done in order to adjust the new season's WCSL list.

6.6.1 No start or a Maximum of 1 WSCL Start per Event
If a competitor starts at a maximum of one WCSL competition of the event concerned in the season, their penalty is calculated according to the competitor's rank before the beginning of that season.

6.7. **Participation**

If a competitor has participated in at least two WCSL competitions in the event(s) concerned during the season:

- the penalty is calculated according to the competitor's WCSL rank at the moment of the injury (irrespective of the event).
- In case of participation at a WCSL event after the injury, the penalty is calculated according to the competitor's WCSL rank at the moment of his/her last WCSL participation (irrespective of the event).

6.7.1 **Retired Competitors**

Retired competitors are automatically deleted from the WCSL at latest after 1 season without participation in FIS events.

6.8 **Scale for penalties according to ranks**

Rank	Penalties
1 – 5	4
6 – 10	6
11 – 15	8
16 – 20	10
21 – 25	12
26 – 30	14
31 – 40	18
41 – 50	20
