

FIS Passport – Improvement

Staff ID number location in the FIS On-Line Entries system

As of continues improvements of the FIS Passport and the FIS On-Line Entries following requirements were recently applied:

- The Staff ID is required to be applied in the FIS Passport as a mandatory field during the FIS Passport registration process;
- The Staff ID will be generated automatically once the unique member of the NSAs is entered to the FIS On-Line Entries.

The location where the Staff ID number will be displayed:

The screenshot shows the FIS On-Line Entries system interface. At the top, there are filters for Discipline (Alpine Skiing), Category (World Cup), and Gender (All). Below these are 'Search' and 'Copy Entry Data' buttons. The main table has columns: Date Place, Nation, Gen., Pre-Entries, Entries, and Downloads. The 'Entries' column for the 'Soelden' event (23.10.2021 - 24.10.2021) is highlighted, and the 'Edit Entries' button is circled in red. Below the table, there are status indicators for Women and Men, and a legend for the status colors.

Staff ID is displayed in the same way like the FIS code:

The screenshot shows the FIS On-Line Entries system interface for the 'WORLD CUP SOELDEN AUT, 23.10.2021 - 24.10.2021' event. It displays tabs for Female Athletes, Staff Women's Team, Male Athletes, and Staff Men's Team. The 'Staff Women's Team' tab is selected. Below the tabs, there is an 'Add Staff' button and a table with columns: Name, Arrival, Room, Shared With, Staff For Both Teams, and Last update. The table shows a staff member with the function 'NSA Entries Administration' and a Staff ID of '30616'. The Staff ID is displayed in the same way as the FIS code.
